

Decree of 5 December 2007, approving the Regulation of amendment of the Regulation on the Creation of the Office of Trademarks in the Principality of Andorra, of 2 November 1995.

Statement of purpose

The Government, on applying the first final provision of the Trademark Law of 11 May 1995, in its session of 2 November 1995, resolved to approve the Regulation on the Creation of the Office of Trademarks in the Principality of Andorra.

In recent years an active, growing, reporting relationship between the Office of Trademarks and the Commercial and Company Registers has been noted. For this reason, it seemed appropriate to assign the Office of Trademarks of the Principality of Andorra to the Department of the Economy, under single management.

For this reason and for reasons of legal security, the complete Regulation of amendment of the Regulation on the Creation of the Office of Trademarks in the Principality of Andorra has been published.

On the proposal of the Minister of the Economy and Agriculture, the Government, in its session of 5 December 2007, approved this Decree with the following content: Regulation of amendment of the Regulation on the Creation of the Office of Trademarks in the Principality of Andorra.

Single article

The Office of Trademarks of the Principality of Andorra is created, with the acronym OMPA, as an overall administrative body ascribed to the Department of the Economy.

Final provision

This Regulation will enter into force on the day of its publication in the *Butlletí Oficial del Principat d'Andorra* (Official Bulletin of the Principality of Andorra).*

*Text approved on 05.12.2007 (entered into force on 12.12.2007)
