Note: If this subsection applies, the duty will be taken to be imposed by force of the corresponding State law (the Commonwealth having consented under section 6AAA to the imposition of the duty by the corresponding State law).

Commonwealth legislative power sufficient to support duty but State legislative powers are not

- (3) If, to ensure the validity of the purported imposition of the duty, it is necessary that the duty be imposed by a law of the Commonwealth (rather than by force of the corresponding State law), the duty is taken to be imposed by this Act to the extent necessary to ensure that validity.
- (4) If, because of subsection (3), this Act is taken to impose the duty, it is the intention of the Parliament to rely on all powers available to it under the Constitution to support the imposition of the duty by this Act.

- (2) If the corresponding State law purports to impose a duty on a Commonwealth officer or Commonwealth authority to do a particular thing, the duty is taken to be imposed by the corresponding State law to the extent to which imposing the duty:
 - (a) is within the legislative powers of the State; and
 - (b) is consistent with the constitutional doctrines restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority.
- (3) To avoid doubt, the corresponding State law does not impose the duty on the Commonwealth officer or Commonwealth authority to the extent to which imposing the duty would:
 - (a) contravene any constitutional doctrine restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority; or
 - (b) otherwise exceed the legislative powers of the State.
- (4) If imposing on the Commonwealth officer or Commonwealth authority the duty to do that thing would:
 - (a) contravene any constitutional doctrine restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority; or

Section 25

- (2C) If a person is exempt from the operation of Part 3-3 in relation to a step in the manufacture of therapeutic goods, subsection (1) has effect, in relation to the goods, as if the reference in paragraph (h) to Part 3-3 were a reference to that Part to the extent that it applies to that person in relation to the manufacture of the goods.
- (2D) If:
- (a) therapeutic goods were made outside Australia; and
 - (b) had the goods been made in Australia, they would have been exempt from the operation of Part 3-3;
- subsection (1) has effect, in relation to the goods, as if paragraph (g) were omitted.
- (2E) A decision for the purposes of paragraph (1)(g) may also take into account any information provided to the Secretary by a health authority of a Convention country and relating to:
- (a) the general standards of manufacturing practice of a particular manufacturer; or
 - (b) the specific standards of manufacture or control adopted by a particular manufacturer in relation to particular goods.
- (2F) For the purposes of subsection (2E), a Convention country is a country that is a party to the Mutual Recognition Convention.
- (2G) Information referred to in subsection (2E) and provided in accordance with the Mutual Recognition Convention is to be treated as equivalent to information obtained as a result of an inspection under Part 3-3 of this Act.
- (3) If:
- (a) the therapeutic goods are therapeutic devices; and
 - (b) the evaluation of the goods for registration has been completed;
- the Secretary must:

 - (ia) if the goods are restricted medicine or the goods are medicine in respect of which the applicant has been given a notice of the kind referred to in subparagraph (1)(da)(ii)—notify the applicant in writing of the product information that is approved in relation to the medicine; and
 - (ii) include the goods in the Register and give the applicant a certificate of registration if the applicant gives the Secretary either the certificate required under subsection 26B(1) or a notice (in accordance with a form approved, in writing, by the Secretary) that a certificate under that subsection is not required in relation to the application.
- To avoid doubt, if the applicant gives the Secretary the certificate required under subsection 26B(1) or a notice that a certificate under that subsection is not required in relation to the application, the Secretary must include the goods in the Register under subparagraph (d)(ii) without inquiring into the correctness of the certificate or the notice.

Section 25AA

25AA Approved product information for medicine

(1) If:

- (a) the Secretary includes restricted medicine in the Register in relation to a person under subparagraph 25(4)(d)(ii); or
- (b) an applicant for the registration of medicine (other than restricted medicine) is given a notice of the kind referred to in subparagraph 25(1)(da)(ii) and the Secretary includes the medicine in the Register in relation to the applicant under subparagraph 25(4)(d)(ii);

the product information that is approved under this section in relation to the medicine is the product information referred to in subparagraph 25(4)(d)(ia).

Note: Subsection (4) deals with variation of the product information.

Transitional

(2) If:

- (a) at the start of the day the first instrument made under subsection 3(2A) or (2B) takes effect, there is medicine included in the Register in relation to a person; and
- (b) before that day, the Secretary, in a notice given under subsection 25(4) to the person in relation to the registration of the medicine, specified the product information that was approved by the Secretary in relation to the medicine;

then that product information (including as varied before that day) is, on and after that day, the product information that is approved under this section in relation to the medicine.

Note: Subsection (4) deals with variation of the product information.

(3) If:

- (a) before the day the first instrument made under subsection 3(2A) or (2B) takes effect, a person made an application to include medicine in the Register; and
- (b) before that day and in relation to that application, the Secretary, in a notice given under subsection 25(4) to the person, specified the product information that was approved by the Secretary in relation to the medicine; and
- (c) on or after that day and in relation to that application, the Secretary includes the medicine in the Register in relation to the person under subparagraph 25(4)(d)(ii);

then that product information (including as varied before that inclusion) is, on and after the day the registration of the medicine commences, the product information that is approved under this section in relation to the medicine.

Note: Subsection (4) deals with variation of the product information.

Variations

- (4) If:
- (a) there is medicine included in the Register in relation to a person and there is product information approved under this section in relation to the medicine; and
 - (b) either:
 - (i) under section 9D, the Secretary varies the entry in the Register in relation to the medicine; or
 - (ii) there is a change in the conditions to which the inclusion of the medicine is subject; and
 - (c) as a result of that variation or change, the Secretary is satisfied that a variation to that product information is required;
- the Secretary may, by notice in writing given to the person, make any variations that the Secretary considers appropriate to the product information that is approved in relation to the medicine.
- (5) To avoid doubt, if product information that is approved in relation to medicine is varied under this section, that product information, as varied, becomes the product information that is approved under this section in relation to the medicine.

- the Secretary must register the device unless the Secretary considers that the device may compromise the health or safety of users.
- (2) The Secretary must notify the applicant in writing of his or her decision on the application within 28 days of the making of the decision. If the Secretary decides not to register the device, the notice must contain the reasons for that decision.

- (9) In this section:

26D Requirements for interlocutory injunction

- (1) This section applies where:
- (a) an applicant gives notice to a patentee in accordance with subparagraph 26B(1)(b)(iii); and
 - (b) the patentee and/or its exclusive licensee (in this section the party or parties is or are referred to as the *patentee*) applies to a prescribed court for an interlocutory injunction to restrain the applicant from marketing the therapeutic goods the subject of the application on the ground that such conduct will constitute an infringement of its patent.
- (2) An application for interlocutory relief in accordance with subsection (1) may not be instituted unless the patentee has first notified the Attorney-General of the Commonwealth, or of a State or of a Territory, in writing of the application.
- (3) The Attorney-General of the Commonwealth shall be deemed to be a party to any proceedings commenced in accordance with

subsection (1) unless the Attorney-General gives written notice to the prescribed court that he or she does not desire to be a party.

 - (A) to believe that it would be granted final relief by the prescribed court against the applicant referred to in paragraph (1)(a) for infringement by that person of the patent; or
 - (B) (in addition to the fact of grant of the patent), for believing that each of the claims, in respect of which infringement is alleged in the proceedings, would have a reasonable prospect of being held to be valid if challenged by the applicant referred to in paragraph (1)(a); or
 - (ii) the application for the interlocutory injunction was otherwise vexatious or not reasonably made or pursued;
- the prescribed court may, in addition to any other relief which it believes should be granted to any person, make any of the orders described in subsection (5).
- (5) If the prescribed court makes a declaration pursuant to paragraph (4)(c), the prescribed court may, pursuant to the usual undertaking as to damages given by the patentee to the prescribed court to obtain the interlocutory injunction:
- (a) assess and award compensation to the applicant referred to in paragraph (1)(a) against whom the interlocutory injunction was made:
 - (i) on the basis of an account of the gross profits of the patentee arising from the sale by it in Australia of the therapeutic goods the subject of the interlocutory injunction, during the period of the interlocutory

- (ii) on such other basis as the court determines to be appropriate; and
 - (b) award to the Commonwealth compensation for any damages sustained, or costs incurred, by it as a result of the grant of the interlocutory injunction; and
 - (c) award to a State or a Territory compensation for any damages sustained, or costs incurred, by it as a result of the grant of the interlocutory injunction.

32FA Suspension of biological from the Register

- (1) The Secretary may, by written notice given to a person in relation to whom a biological is included in the Register, suspend the biological from the Register if:
 - (a) the Secretary is satisfied that:
 - (i) there is a potential risk of death, serious illness or serious injury if the biological continues to be included in the Register; and
 - (ii) it is likely that the person will, within the period of the suspension, be able to take the action necessary to ensure that the biological would not cause a potential risk of death, serious illness or serious injury if the biological were to continue to be included in the Register; or
 - (b) the Secretary is satisfied that it is likely that there are grounds for cancelling the entry of the biological from the Register under Division 7 (other than because of paragraph 32GA(1)(a) or (d)).

Notice of proposed suspension in some cases

- (2) However, before suspending a biological from the Register because it is likely that there are grounds for cancelling the entry of the biological from the Register under section 32GC, the Secretary must:

Interpretation

- (1A) A reference in paragraph (1)(g) to a person convicted of an offence includes a reference to a person in respect of whom an order has been made relating to the offence under:
- (a) section 19B of the *Crimes Act 1914*; or
 - (b) a corresponding provision of a law of a State or Territory.

Note: Section 19B of the *Crimes Act 1914* empowers a court that has found a person to have committed an offence to take action without proceeding to record a conviction.

- (1AA) Paragraph (1)(g) does not limit paragraph (1)(h).

- (1B) In paragraph (1)(g):

manufacturing licence means:

- (a) a licence granted under this Part; or
- (b) a licence, granted under a law of a State or Territory relating to therapeutic goods, relating to manufacturing therapeutic goods.

Special circumstances justifying grant of licence

- (2) Notwithstanding paragraph (1)(g), the Secretary may grant a licence to an applicant who, apart from this subsection, could not be granted a licence because of that paragraph if, in the opinion of the Secretary, special circumstances make it appropriate to do so.

Guidelines

- (2A) The Secretary must have regard to the guidelines under section 38A in granting licences under this section.

What the licence authorises

- (2B) For each manufacturing site covered by a licence, the Secretary must authorise, in the licence, the holder of the licence to carry out specified steps in the manufacture of specified therapeutic goods at that manufacturing site.

Note 1: For specification by class, see subsection 33(3AB) of the *Acts Interpretation Act 1901*.

Note 2: Sections 40A and 40B deal with variation of authorisations.

Notice of decision

- (3) Where the Secretary grants or refuses to grant a licence to an applicant, the Secretary must:
- (a) give the applicant written notice of the decision; and
 - (b) in the case of a refusal—include in the notice the reasons for the refusal.

Publication in Gazette

- (4) Where the Secretary grants a licence, the Secretary must cause particulars of the decision to be published in the *Gazette* as soon as is practicable after the decision is made.

38A Guidelines for multi-site licences

The Secretary must, by legislative instrument, make guidelines setting out the circumstances in which a licence may cover 2 or more manufacturing sites.

Section 38B

38B Splitting multi-site licences

- (1) This section applies if a licence (the *old licence*):
- (a) either:
 - (i) was in force under this Part immediately before the commencement of this section; or
 - (ii) was suspended under this Part immediately before that commencement; and
 - (b) related to premises that comprise 2 or more sites (the *old sites*).
- (2) As soon as practicable after the commencement of this section, the Secretary must:
- (a) by writing, revoke the old licence; and
 - (b) on the day that the Secretary revokes the old licence, grant new licences (each of which is a *new licence*) to the holder of the old licence which, when considered together, cover the old sites.

The Secretary must give the holder written notice of the revocation and grant.

Note: Subsections (5) and (6) deal with when each new licence commences and when the old licence ends.

Guidelines

- (3) The Secretary must have regard to the guidelines under section 38A in granting licences under this section.

Application of this Part

- (4) Subject to this section, subsections 38(2B) and (4) and sections 39 to 41A apply to a new licence in the same way as they apply to a licence granted under section 38.

Note: This means, for example, that:

- (a) the Secretary must give a manufacturing site authorisation under subsection 38(2B) in relation to each manufacturing site covered by a new licence; and
- (b) the Secretary may impose conditions on a new licence under subsection 40(1) and the statutory conditions under subsection 40(4) will apply to a new licence; and
- (c) the Secretary may revoke or suspend a new licence under section 41.

Commencement of new licence

- (5) The day specified under subsection 39(1) for the commencement of each new licence granted to the holder of the old licence must be the day (the **transition day**) after the day each new licence is granted.

Note: Subsection (7) deals with suspending a new licence from the transition day.

When revocation of old licence takes effect

- (6) The revocation of the holder's old licence takes effect immediately before the start of the transition day.

Suspension of new licence

- (7) If:
- (a) subparagraph (1)(a)(ii) applies in relation to an old licence; and
 - (b) the period of suspension of the old licence is due to end at the end of a day (the **relevant day**) after the transition day;
- the Secretary may, on the day that the Secretary grants a new licence to the holder of the old licence and by notice in writing given to the holder, suspend the new licence for a period starting on the transition day and ending at the end of the relevant day.
- (8) Subsection 41(2) does not apply in relation to a suspension under subsection (7) of this section. However, subsections 41(4) to (6) do apply in relation to the suspension.
- (9) To avoid doubt, subsection (7) does not prevent subsection 41(1) from applying in relation to a new licence.

Licence charges

- (10) Subsection 4(2) of the *Therapeutic Goods (Charges) Act 1989* does not apply in relation to a new licence for the financial year in which the new licence is granted.

No review of revocation of old licence

- (11) The revocation of the old licence is taken not to be an initial decision for the purposes of section 60.

Section 39

39 Term of licence

- (1) A licence commences on the day specified in the licence and remains in force until it is revoked or suspended.
- (2) If:
 - (a) the licence covers therapeutic goods that are exempt under section 18A; and
 - (b) those goods cease to be exempt under that section before the licence is revoked;the licence ceases to be in force in relation to those goods when those goods cease to be exempt under that section.

Note: An exemption under section 18A may cease to have effect only in relation to some of the goods covered by the exemption, see subsection 18A(5).

- (3) If:
 - (a) the licence covers a biological that is exempt under section 32CB; and
 - (b) the biological ceases to be exempt under that section before the licence is revoked;the licence ceases to be in force in relation to the biological when the biological ceases to be exempt under that section.

Note: An exemption under section 32CB may cease to have effect only in relation to some of the biologicals covered by the exemption: see subsections 32CB(5) and 32CD(1).

40 Conditions of licences

- (1) A licence may be granted subject to such conditions relating to the manufacture of the goods as the Secretary thinks appropriate.
- (2) The Secretary may, by notice in writing given to the holder of a licence, impose new conditions on the licence or vary or remove existing conditions.
- (3) The imposition or variation of a condition under subsection (2) takes effect:
 - (a) if the notice states that the action is necessary to prevent imminent risk of death, serious illness or serious injury—on the day on which the notice is given to the person; or

- (b) in any other case—on the day specified for the purpose in the notice, being a day not earlier than 28 days after the notice is given to the person.

41A Publication of list of manufacturers etc.

The Secretary may, from time to time and in such manner as the Secretary determines, publish a list of the persons who are licensed

under this Part, the classes of goods to which the licences relate,
the steps of manufacture that the licences authorise and the
addresses of the manufacturing sites to which the licences relate.

Chapter 4—Medical devices

Note: This Chapter does not apply, and Chapter 3 (Medicines and other therapeutic goods that are not medical devices) still applies, to medical devices that are registered or listed goods. Section 9B automatically cancels the registration or listing of those goods over time.

Part 4-1—Introduction

Division 1—Overview of this Chapter

41B General

The purpose of this Chapter is to ensure the safety and satisfactory performance of medical devices. It does this by:

- (a) setting out particular requirements for medical devices; and
- (b) establishing administrative processes principally aimed at ensuring those requirements are met; and
- (c) providing for enforcement through a series of offences and civil penalty provisions.

41BA Requirements for medical devices (Parts 4-2 and 4-3)

The requirements for medical devices are:

- (a) essential principles (that are about the safety and performance characteristics of medical devices); and
- (b) conformity assessment procedures (that are mainly about the application of quality management systems).

Note: Medical device standards may be made under Division 2 of Part 4-2, and conformity assessment standards may be made under Division 2 of Part 4-3, but they are not requirements.

41BB Administrative processes (Parts 4-4 to 4-10)

The administrative processes under this Chapter are:

- (a) issuing conformity assessment certificates for some manufacturers of medical devices; and
- (b) including medical devices in the Register; and
- (c) suspending or cancelling entries of medical devices from the Register; and

- (ca) exempting medical devices from various provisions of this Chapter to deal with emergency situations; and
- (d) exempting medical devices from the requirement to be included in the Register; and
- (e) obtaining information about medical devices; and
- (f) requiring public notification of problems with medical devices, and recovery of such devices.

Note: Part 4-10 provides for assessment fees to be payable in some circumstances.

41BC Enforcement (Part 4-11)

Part 4-11 contains offences and civil penalty provisions that are aimed at ensuring that:

- (a) the requirements for medical devices are complied with; and
- (b) the administrative processes under this Chapter (particularly the inclusion of medical devices in the Register) are followed.

Note: There are some offences and civil penalty provisions in Parts 4-4 to 4-9. They generally relate to matters ancillary to administrative processes in those Parts (e.g. false or misleading statements in applications).

Division 2—Interpretation

41BD What is a *medical device*

(1) A *medical device* is:

(a) any instrument, apparatus, appliance, material or other article (whether used alone or in combination, and including the software necessary for its proper application) intended, by the person under whose name it is or is to be supplied, to be used for human beings for the purpose of one or more of the following:

(i) diagnosis, prevention, monitoring, treatment or alleviation of disease;

(ii) diagnosis, monitoring, treatment, alleviation of or compensation for an injury or disability;

(iii) investigation, replacement or modification of the anatomy or of a physiological process;

(iv) control of conception;

and that does not achieve its principal intended action in or on the human body by pharmacological, immunological or metabolic means, but that may be assisted in its function by such means; or

(aa) any instrument, apparatus, appliance, material or other article specified under subsection (2A); or

(ab) any instrument, apparatus, appliance, material or other article that is included in a class of instruments, apparatus, appliances, materials or other articles specified under subsection (2B); or

(b) an accessory to an instrument, apparatus, appliance, material or other article covered by paragraph (a), (aa) or (ab).

Note: Declarations under subsection (3) exclude articles from the scope of this definition. Declarations under section 7 can also have this effect: see subsection 7(4).

(2) For the purposes of paragraph (1)(a), the purpose for which an instrument, apparatus, appliance, material or other article (the *main equipment*) is to be used is to be ascertained from the information supplied, by the person under whose name the main equipment is or is to be supplied, on or in any one or more of the following:

(a) the labelling on the main equipment;

- (b) the instructions for using the main equipment;
 - (c) any advertising material relating to the main equipment;
 - (d) technical documentation describing the mechanism of action of the main equipment.
- (2A) The Secretary may, by notice published in the *Gazette*, specify a particular instrument, apparatus, appliance, material or other article for the purposes of paragraph (1)(aa). The notice is not a legislative instrument.
- (2B) The Secretary may, by legislative instrument, specify a particular class of instruments, apparatus, appliances, materials or other articles for the purposes of paragraph (1)(ab).
- (3) The Secretary may, by order published in the *Gazette*, declare that a particular instrument, apparatus, appliance, material or other article, or that a particular class of instruments, apparatus, appliances, materials or other articles, are not, for the purposes of this Act, medical devices.
- Note: A declaration under this section does not stop articles from being therapeutic goods.
- (4) A declaration under this section takes effect on the day on which the declaration is published in the *Gazette* or on such later day as is specified in the order.

41BE Kinds of medical devices

General

- (1) For the purposes of this Chapter, a medical device is taken to be of the same kind as another medical device if they:
- (a) have the same sponsor; and
 - (b) have the same manufacturer; and
 - (c) have the same device nomenclature system code (see subsection (3)); and
 - (d) have the same medical device classification; and
 - (e) are the same in relation to such other characteristics as the regulations prescribe, either generally or in relation to medical devices of the kind in question.

Unique medical devices

- (2) If a medical device is not of the same kind as any other medical device:
 - (a) this Chapter applies in relation to the device as if it were a kind of medical device; and
 - (b) references in this Chapter to delivering a reasonable number of samples of the kind of device are taken to be references to delivering the device.

Device nomenclature codes

- (3) The Minister may, by legislative instrument, determine device nomenclature codes for medical devices.

41BEA Excluded purposes

The Secretary may, by legislative instrument, specify purposes for the purposes of paragraph 41FD(ia) and subsection 41FF(1A).

41BF System or procedure packs

- (1) A package and therapeutic goods in the package are a ***system or procedure pack*** if:
 - (a) the package and the therapeutic goods are for use as a unit, either in combination as a system or in a medical or surgical procedure; and
 - (b) the package contains at least one medical device; and
 - (c) the package and the therapeutic goods do not constitute a composite pack.
- (2) To avoid doubt, a system or procedure pack is a medical device.

41BG Manufacturers of medical devices

- (1) The ***manufacturer*** of a medical device is the person who is responsible for the design, production, packaging and labelling of the device before it is supplied under the person's name, whether or not it is the person, or another person acting on the person's behalf, who carries out those operations.
 - (2) If subsection (1) does not apply to a medical device, the ***manufacturer*** of the device is the person who, with a view to
-

supplying the device under the person's name, does one or more of the following using ready-made products:

- (a) assembles the device;
 - (b) packages the device;
 - (c) processes the device;
 - (d) fully refurbishes the device;
 - (e) labels the device;
 - (f) assigns to the device its purpose by means of information supplied, by the person, on or in any one or more of the following:
 - (i) the labelling on the device;
 - (ii) the instructions for using the device;
 - (iii) any advertising material relating to the device;
 - (iv) technical documentation describing the mechanism of action of the device.
- (3) However, a person is not the manufacturer of a medical device if:
- (a) the person assembles or adapts the device for an individual patient; and
 - (b) the device has already been supplied by another person; and
 - (c) the assembly or adaptation does not change the purpose intended for the device by means of information supplied by that other person, on or in any one or more of the following:
 - (i) the labelling on the device;
 - (ii) the instructions for using the device;
 - (iii) any advertising material relating to the device;
 - (iv) technical documentation describing the mechanism of action of the device.
- (4) A person is not the manufacturer of a medical device if the person is included in a class of persons prescribed by the regulations for the purposes of this subsection.

41BH Meaning of compliance with essential principles

- (1) A medical device complies, for the purposes of this Chapter (including Part 4-11), with the essential principles if and only if it does not contravene any of the essential principles.

Section 41BI

- (2) However, a medical device is also taken, for the purposes of this Chapter (other than Part 4-11), to comply with the essential principles if:
 - (a) the medical device complies with one or more medical device standards that apply to it; and
 - (b) the medical device contravenes the essential principles only in respect of a part or parts of the essential principles to which that medical device standard, or one or more of those medical device standards, relate.
- (3) For the purposes of this section, a medical device standard relates to a part or parts of the essential principles only if the standard specifies that part or parts.

41BI Meaning of non-application of conformity assessment procedures

- (1) A conformity assessment procedure is taken, for the purposes of this Chapter, not to have been applied to a medical device if:
 - (a) there has been a contravention of the conformity assessment procedures; and
 - (b) the contravention relates, wholly or partly, to that device or its manufacture.
- (2) However, for the purposes of this Chapter (other than Part 4-11), subsection (1) does not apply if:
 - (a) the quality management system applied in the manufacture of the medical device complies with one or more conformity assessment standards that apply to it; and
 - (b) the contravention is only in respect of a part or parts of the conformity assessment procedures to which that conformity assessment standard, or one or more of those conformity assessment standards, relate.
- (3) For the purposes of this section, a conformity assessment standard relates to a part or parts of the conformity assessment procedures only if the standard specifies that part or parts.

Division 3—Application provisions

41BJ Application of this Chapter to medical devices covered by Part 3-2

- (1) This Chapter does not apply to a medical device if section 15A applies to the device, except for purposes connected with:
 - (a) applications for including the medical device in the Register under this Chapter; or
 - (b) including the medical device in the Register under this Chapter.

Note: Section 15A sets out the circumstances in which Part 3-2 applies or continues to apply to medical devices.

- (2) However, if an exemption under section 34 applied to a medical device, or the manufacturer of the device, immediately before the commencement of this Chapter:
 - (a) Parts 4-3 and 4-4, and Division 2 of Part 4-11, apply in relation to the device after the end of the period of 2 years after that commencement; and
 - (b) Parts 4-8, 4-9 and 4-10, and Divisions 3 and 4 of Part 4-11, apply in relation to the device, to the extent that they relate to any of the provisions referred to in paragraph (a), after the end of that period.

41BJA Application of this Chapter to a biological

- (1) Subject to this section, this Chapter does not apply to a biological on and after the commencement of this section.

Biologicals currently included in the Register

- (2) If, immediately before the commencement of this section, therapeutic goods that are a biological were included in the Register under this Chapter, this Chapter continues to apply to the biological on and after that commencement until the time the biological is included in the Register under Part 3-2A.

Note: Section 32DN deals with including the biological under Part 3-2A.

Pending applications

- (3) If:
- (a) before the commencement of this section, an application was made under this Chapter for the inclusion in the Register of therapeutic goods that are a biological; and
 - (b) immediately before that commencement, the application was not finally determined; and
 - (c) the application had not been withdrawn before that commencement;
- this Chapter continues to apply to the biological on and after that commencement until the earliest of the following:
- (d) the time the biological is included in the Register under Part 3-2A;
 - (e) if the application is unsuccessful when it is finally determined—the time the application is finally determined;
 - (f) the time the application is withdrawn;
 - (g) the time the application lapses.

Note: Section 32DN deals with including the biological under Part 3-2A.

- (4) For the purposes of this section, an application is ***finally determined*** when the application, and any applications for review or appeals arising out of it, have been finally determined or otherwise disposed of.

Transitional

- (5) This Chapter applies to a biological on and after the commencement of this section in relation to things done, or omitted to be done, in relation to the biological before the commencement of this section.
- (6) If this Chapter continues to apply to a biological during a period described in subsection (2) or (3), then this Chapter also applies to the biological after the end of that period in relation to things done, or omitted to be done, in relation to the biological during that period.

41BK Application of the *Criminal Code*

Chapter 2 of the *Criminal Code* applies to all offences against this Chapter.

Note: Chapter 2 of the *Criminal Code* sets out the general principles of criminal responsibility.

Part 4-2—Essential principles and medical device standards

41C What this Part is about

The essential principles set out the requirements relating to the safety and performance characteristics of medical devices. Compliance with applicable medical device standards is not required, but it is one way to establish compliance with essential principles.

Note: Dealing in medical devices that do not comply with the essential principles may be an offence or may contravene a civil penalty provision: see Division 1 of Part 4-11.

Division 1—Essential principles

41CA Essential principles

- (1) The regulations may set out requirements for medical devices.
- (2) These requirements are to be known as the *essential principles*.

Division 2—Medical device standards

41CB Medical device standards

- (1) The Minister may, by legislative instrument, make an order determining that:
 - (a) matters specified in the order constitute a medical device standard for kinds of medical devices identified in the order; and
 - (b) medical devices of those kinds that comply with the standard are to be treated as complying with those parts of the essential principles specified in the standard.

Note: Section 12 of the *Legislative Instruments Act 2003* deals with when a legislative instrument takes effect.

- (2) The Minister may, by legislative instrument, vary or revoke an order made under subsection (1).

41CC Content of medical device standards

- (1) Without limiting the scope of section 41CB, an order establishing a medical device standard for kinds of medical devices may be specified by reference to:
 - (a) the safety or performance characteristics of the devices; or
 - (b) a monograph in the British Pharmacopoeia, the European Pharmacopoeia or the United States Pharmacopoeia-National Formulary; or
 - (c) a monograph in a publication approved by the Minister for the purposes of this subsection; or

 - (d) the European Committee for Standardization;

- (e) the European Committee for Electrotechnical Standardization;
- (f) any other organisation declared by the Minister by notice published in the *Gazette*.

41CD Inconsistencies between medical device standards

- (1) A medical device standard that:
 - (a) applies to a kind of medical device; and
 - (b) is inconsistent with another medical device standard that applies only to some of the devices of that kind;is, to the extent of the inconsistency, of no effect in relation to the devices referred to in paragraph (b).
- (2) A medical device standard that applies to a kind of medical device that consists of a combination of component parts takes precedence over any medical device standard that applies to the component parts.

Part 4-3—Conformity assessment procedures

41D What this Part is about

The conformity assessment procedures set out the requirements relating to the application of quality management systems for medical devices, and other requirements imposed on manufacturers.

Compliance with applicable conformity assessment standards is not required, but it is one way to establish that one or more parts of the conformity assessment procedures have been applied to medical devices.

Note 1: Dealing in medical devices that have not had the conformity assessment procedures applied may be an offence or may contravene a civil penalty provision: see Division 2 of Part 4-11.

Note 2: See section 41BI on applying the conformity assessment procedures.

Division 1—Conformity assessment procedures

41DA Conformity assessment procedures

- (1) The regulations may set out requirements relating to the obligations of manufacturers of medical devices.
- (2) These requirements are to be known as the *conformity assessment procedures*.
- (3) The conformity assessment procedures, or any part of the conformity assessment procedures, may:
 - (a) be limited in their application to one or more medical device classifications; or
 - (b) apply differently to different medical device classifications, different kinds of medical devices or different manufacturers.

The regulations may specify:

- (a) classifications, to be known as *medical device classifications*, applying to medical devices or kinds of medical devices; and
- (b) matters in relation to the classification of medical devices or kinds of medical devices.

Division 2—Conformity assessment standards

41DC Conformity assessment standards

- (1) The Minister may, by legislative instrument, make an order determining that:
 - (a) matters specified in the order constitute a conformity assessment standard for quality management systems identified in the order; and
 - (b) a quality management system that complies with the standard is to be treated as having had applied to it those parts of the conformity assessment procedures specified in the standard.

Note: Section 12 of the *Legislative Instruments Act 2003* deals with when a legislative instrument takes effect.

- (2) A conformity assessment standard may be limited to particular kinds of medical devices.
- (3) The Minister may, by legislative instrument, vary or revoke an order made under subsection (1).

41DD Content of conformity assessment standards

- (1) Without limiting the scope of section 41DC, an order establishing a conformity assessment standard for a kind of medical device may be specified by reference to:
 - (a) procedures to be carried out under the quality management systems for the design, manufacture and final inspection of the devices; or
 - (b) a standard published by a standards organisation; or
 - (c) such other matters as the Minister thinks fit.

41DE Inconsistencies between conformity assessment standards

A conformity assessment standard that:

(a) identifies quality management systems to which it applies;
and

(b) is inconsistent with another conformity assessment standard
that applies only to particular kinds of medical devices;

is, to the extent of the inconsistency, of no effect in relation to the
devices referred to in paragraph (b).

Part 4-4—Conformity assessment certificates

41E What this Part is about

The Secretary can issue a conformity assessment certificate (which may be limited to some medical devices) in respect of a manufacturer of medical devices, signifying one or more of these:

- (a) that relevant quality management systems have been applied to the device;
- (b) the essential principles for the device have been complied with;
- (c) other certification requirements of the conformity assessment procedures have been met.

Note: A conformity assessment certificate may be required before a valid application can be made for including a kind of medical device in the Register under this Chapter: see subsection 41FC(2).

Division 1—Issuing conformity assessment certificates

41EA When conformity assessment certificates are required

The regulations may prescribe:

- (a) kinds of manufacturers in respect of whom a conformity assessment certificate must be issued before valid applications can be made for kinds of medical devices, manufactured by those manufacturers, to be included in the Register; or
- (b) kinds of medical devices in respect of which a conformity assessment certificate must be issued before valid applications can be made for those kinds of medical devices to be included in the Register.

Note: The regulations may prescribe different levels of fees for different kinds of manufacturers and medical devices: see subsection 41LA(2).

41EB Applications

- (1) An application for a conformity assessment certificate must:
 - (a) be made in accordance with a form approved, in writing, by the Secretary or in such other manner as is approved, in writing, by the Secretary; and
 - (b) be delivered to an office of the Department specified by the Secretary.

Note: A conformity assessment fee is payable under section 41LA for consideration of the application.

- (2) An application is not effective if:
 - (a) the prescribed application fee has not been paid; or
 - (b) the application contains information that is false or misleading in a material particular.

Note: A person might also commit an offence, or contravene a civil penalty provision, if the person makes a statement in an application that is false or misleading in a material particular: see sections 41EI and 41EIA.

- (3) An approval of a form may require or permit an application or information to be given in accordance with specified software requirements:
 - (a) on a specified kind of data processing device; or

- (b) by way of a specified kind of electronic transmission.
- (4) The Secretary may, by written notice given to an applicant for a conformity assessment certificate, require the applicant to allow an authorised person, at any reasonable time specified in the notice, to inspect:
 - (a) the premises (including premises outside Australia) and equipment, processes and facilities that are being or will be used to manufacture medical devices of the kind in question; and
 - (b) any other kinds of medical devices on those premises.

41EC Considering applications

- (1) If the application is made in accordance with section 41EB, the Secretary must decide whether to issue the conformity assessment certificate.
- (2) In deciding whether to issue the certificate, the Secretary must consider some or all aspects of whether the conformity assessment procedures relating to one or more of the following have been applied to the medical device:
 - (a) the application of quality management systems for the manufacture of medical devices;
 - (b) the certification of compliance with the essential principles;
 - (c) any other requirement of the conformity assessment procedures specified in regulations made for the purposes of this subsection.
- (3) In deciding whether to issue the certificate, the Secretary must also consider:
 - (a) whether at least one of the following persons:

 - (x) been a manager, or a major interest holder, of a body corporate in respect of which subparagraph (iv), (v), (vi), (vii), (viii) or (ix) applies in that 10 year period, if the conduct resulting in that subparagraph applying occurred when the person was a manager or major interest holder of the body corporate; or
- (b) whether any other circumstances prescribed by the regulations for the purposes of this paragraph exist.
- (4) A reference in paragraph (3)(a) to a person convicted of an offence includes a reference to a person in respect of whom an order has been made relating to the offence under:
- (a) section 19B of the *Crimes Act 1914*; or
 - (b) a corresponding provision of a law of a State or Territory.
- Note: Section 19B of the *Crimes Act 1914* empowers a court that has found a person to have committed an offence to take action without proceeding to record a conviction.
- (5) Paragraph (3)(a) does not limit paragraph (3)(b).

41ED Time for making decisions on applications

If the application relates to the issuing of a conformity assessment certificate in relation to which a period has been prescribed under paragraph 63(2)(dc), a decision on the application must be made within that period, unless the application lapses under section 41EG.

41EE Procedure following making a decision whether to issue certificate

- (1) After making a decision whether to issue a conformity assessment certificate, the Secretary must:
 - (a) notify the applicant in writing of his or her decision within 20 working days; and

Section 41EH

- (b) the applicant does not comply with a requirement by the Secretary to deliver to the office to which the application was made a reasonable number of samples of the kind of medical device to which the application relates; or

- (d) information given to the Secretary by, or on behalf of, the applicant in connection with the application, including information given for the purpose of a notice under section 41JA, is false or misleading in a material particular; or
- (e) the applicant fails to allow an authorised person to carry out any inspection as required under subsection 41EB(4); or
- (f) for the whole or a part of the conformity assessment fee for the application that is due and payable in accordance with regulations made for the purposes of Part 4-10—the applicant fails to pay that whole or part in accordance with those regulations.

41EH Treating applications as having been refused

- (1) The applicant for an application for a conformity assessment certificate may give the Secretary written notice that the applicant wishes to treat the application as having been refused if:
 - (a) a period is prescribed under paragraph 63(2)(dc) for making a decision on the application; and
 - (b) at the end of the period, the applicant has not been notified of a decision whether to issue the certificate.
- (2) The notice may be given at any time before the applicant is notified of the decision.
- (3) If a notice has been given, this Act (except for subsection 60(5)) has effect as if:
 - (a) the Secretary had decided not to issue the certificate; and
 - (b) the Minister had made a decision under subsection 60(3) confirming the decision of the Secretary; and
 - (c) the Minister's decision had been made on the day on which notice was given to the Secretary.

Penalty: Imprisonment for 5 years or 4,000 penalty units, or both.

Note 1: A jury may acquit a person of an offence against this subsection and may convict the person of an offence against subsection (4) instead: see section 53A.

Conditions do not limit other conditions

- (6) A condition imposed under this section is in addition to any conditions imposed under this Division.

41EK Conditions imposed when conformity assessment certificates are issued

If the Secretary issues a conformity assessment certificate in respect of a manufacturer, the Secretary may, in writing, impose conditions on the certificate in respect of:

Division 3—Suspension of conformity assessment certificates

Note: Suspension of a conformity assessment certificate leads to suspension from the Register of the kinds of medical devices to which the certificate applied (see subsection 41GF(1)). Applications to include such devices in the Register are not effective (see paragraph 41FC(2)(c)).

41EM Suspension of conformity assessment certificates

- (1) The Secretary may, by written notice given to the person in relation to whom a conformity assessment certificate is issued, suspend the certificate if the Secretary is satisfied that it is likely that there are grounds for revoking the certificate under section 41ET.
- (2) The suspension may be limited to some medical devices of that kind, as specified in the notice.
- (3) The notice must specify the period of the suspension. The period must not exceed 6 months.

- Note: Unless a suspension of a conformity assessment certificate has been revoked, the certificate is automatically revoked: see section 41ER.
- (3) If a person in relation to whom a kind of medical device is included in the Register shows that he or she has taken steps to address the grounds for revoking the certificate under section 41ET, the Secretary may, by written notice given to the person, extend the period specified in the notice under section 41EM by a further specified period not exceeding 6 months.

- (2) To the extent that a suspension under this Division relates to a conformity assessment certificate to which such a revocation relates, the suspension ceases to have effect.

Division 4—Revocation of conformity assessment certificates

Note: Revocation of a conformity assessment certificate leads to cancellation of the entry from the Register of the kinds of medical devices to which the certificate applied (see paragraph 41GK(b)). Applications to include such devices in the Register are not effective (see paragraph 41FC(2)(c)).

41ER Automatic revocation of conformity assessment certificates

- (a) section 19B of the *Crimes Act 1914*; or
- (b) a corresponding provision of a law of a State or Territory.

Note: Section 19B of the *Crimes Act 1914* empowers a court that has found a person to have committed an offence to take action without proceeding to record a conviction.

(1B) Paragraph (1)(e) does not limit paragraph (1)(f).

(2) However, before revoking the certificate, the Secretary must:

- (a) inform the person in writing that the Secretary proposes the revocation and set out the reasons for it; and
- (b) give the person a reasonable opportunity to make submissions to the Secretary in relation to the proposed revocation.

(3) The Secretary is not to make a decision relating to the proposed revocation until the Secretary has had regard to any submissions the person makes under paragraph (2)(b).

(4) Nothing in this section affects the operation of Part VIIC of the *Crimes Act 1914* (which includes provisions that, in certain circumstances, relieve persons from the requirement to disclose spent convictions and require persons aware of such convictions to disregard them).

41EU Limiting revocation of conformity assessment certificates to some medical devices of a particular kind

(1) If the Secretary is satisfied that the ground for revoking a conformity assessment certificate applies only to:

- (a) some of the kinds of medical devices to which the certificate applies; or
- (b) some medical devices of the kinds to which the certificate applies;

the Secretary must limit the revocation to the medical devices to which that ground or any other ground for revocation applies.

41EV Publication of revocation etc. of conformity assessment certificates

The Secretary must cause to be published in the *Gazette*, as soon as practicable after revoking a conformity assessment certificate, or varying a conformity assessment certificate under subsection 41EU(2), a notice setting out particulars of the revocation or variation.

41EW Date of effect of revocation etc. of conformity assessment certificates

If the Secretary revokes a conformity assessment certificate, or varies a conformity assessment certificate under subsection 41EU(2), the revocation or variation has effect:

- (a) if the revocation is under section 41ER or 41ES, or the variation relates to a ground of revocation in section 41ER or 41ES—on the day on which the notice of revocation or variation is given to the person in relation to whom the certificate was issued; or
- (b) in any other case—on such later day as is specified in the notice.

Part 4-5—Including medical devices in the Register

41F What this Part is about

Kinds of medical devices can be included in the Register if they comply with the essential principles, and conformity assessment procedures have been applied to the kinds of devices (and certain other requirements are complied with).

Inclusions in the Register are subject to certain automatic conditions and the Secretary may impose further conditions.

Chapter 4 Medical devices

Part 4-5 Including medical devices in the Register

Division 1 Including medical devices in the Register

Section 41FA

Division 1—Including medical devices in the Register

41FA What this Division is about

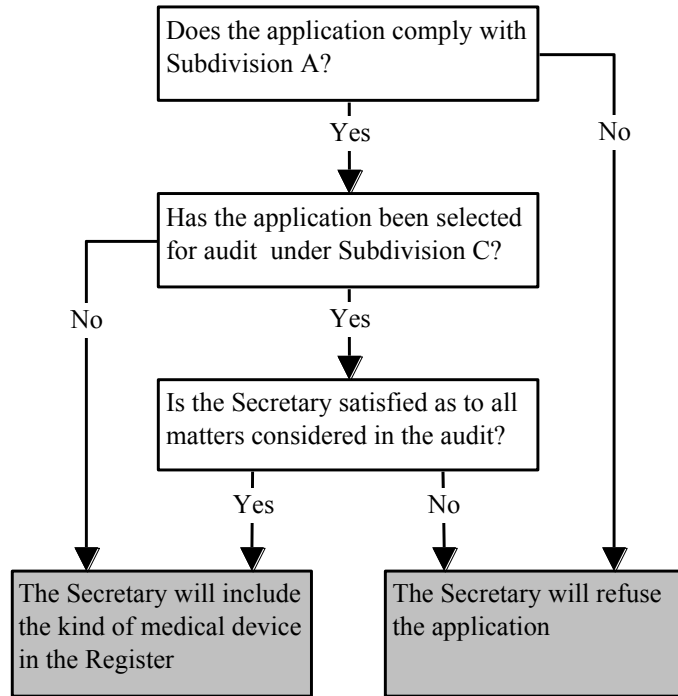

Kinds of medical devices are usually included in the Register automatically once a proper application is made, together with the required certification. However, applications may be selected for audit, which involves checking some or all aspects of the application and certification.

Note 1: In some cases, an application relating to a kind of medical device will not be effective unless that kind of device is covered by a conformity assessment certificate under Part 4-4: see paragraph 41FC(2)(c).

Note 2: Dealing in medical devices of a kind not included in the Register may be an offence or may contravene a civil penalty provision: see Division 3 of Part 4-11.

41FB How this Division works

This diagram shows how this Division applies to an application for a kind of medical device to be included in the Register.

Subdivision A—Applications

41FC Applications

 - (b) be delivered to an office of the Department specified by the Secretary.
- (2) An application is not effective if:
 - (a) the application is not made in accordance with subsection (1); or

Part 4-6—Suspension and cancellation from the Register

Division 1—Suspension from the Register

Subdivision A—General power of suspension

41G What this Part is about

Inclusions in the Register may be suspended in certain circumstances, such as when a conformity assessment certificate is suspended. A kind of medical device that is suspended is taken not to be included in the Register for most purposes.

Inclusions in the Register may also be cancelled in certain circumstances.

41GA Suspension of kinds of medical devices from the Register

- (1) The Secretary may, by written notice given to the person in relation to whom a kind of medical device is included in the Register, suspend the kind of device from the Register if:
 - (a) the Secretary is satisfied that:
 - (i) there is a potential risk of death, serious illness or serious injury if the kind of device continues to be included in the Register; and
 - (ii) it is likely that the person will, within the period of the suspension, be able to take the action necessary to ensure that the kind of device would not cause a potential risk of death, serious illness or serious injury if it were to continue to be included in the Register; or
 - (b) the Secretary is satisfied that it is likely that there are grounds for cancelling the entry of the kind of device from the Register under Division 2 (other than under paragraph 41GL(a) or (d) or section 41GM).
- (2) The suspension may be limited to some medical devices of that kind, as specified in the notice.

Section 41GB

- (3) The notice must specify the period of the suspension. The period must not exceed 6 months.

Note: The period of the suspension may be extended under section 41GC.

- (4) The Secretary must cause to be published in the *Gazette*, as soon as practicable after the suspension, a notice setting out particulars of the suspension.

41GB Notice of proposed suspension must be given in certain cases

- (1) However, before suspending a kind of medical device from the Register because it is likely that there are grounds for cancelling the entry of the kind of device from the Register under section 41GN, the Secretary must:
- (a) inform the person by written notice that the Secretary proposes the suspension and set out the reasons for it; and
 - (b) give the person a reasonable opportunity to make submissions to the Secretary in relation to the proposed suspension.
- (2) The Secretary is not to make a decision relating to the proposed suspension until the Secretary has had regard to any submissions the person makes under paragraph (1)(b).

41GC Duration of suspension

- (1) The suspension takes effect:
- (a) if the notice under subsection 41GA(1) states that the suspension is necessary to prevent a potential risk of death, serious illness or serious injury—on the day on which the notice is given to the person; or
 - (b) in any other case—on the day specified for the purpose in the notice, being a day not earlier than 20 working days after the notice is given to the person.
- (2) The suspension has effect until:
- (a) the Secretary revokes it under section 41GD; or
 - (b) the end of:
 - (i) the period specified in the notice under subsection 41GA(3); or

- (ii) if the period is extended under subsection (3) of this section, the period as so extended.

Note: Unless a suspension of a kind of medical device has been revoked, the entry of the kind of medical device is automatically cancelled from the Register: see section 41GK.

- (3) If a person in relation to whom a kind of medical device is included in the Register shows that he or she has taken steps to remove the grounds for cancelling the entry of the kind of device from the Register under section 41GN, the Secretary may, by written notice given to the person, extend the period specified in the notice under subsection 41GA(1) by a further specified period not exceeding 6 months.
- (4) The Secretary must cause to be published in the *Gazette*, as soon as practicable after the extension, a notice setting out particulars of the extension.

41GD Revocation of suspension

- (1) The Secretary must revoke the suspension if the Secretary is satisfied that:
- (a) the ground on which the kind of medical device concerned was suspended from the Register no longer applies; and
 - (b) there are no other grounds for suspending the kind of device from the Register.
- (2) The Secretary's power to revoke the suspension may be exercised:
- (a) if the person in relation to whom the kind of medical device concerned is included in the Register applies in writing to the Secretary; or
 - (b) on the Secretary's own initiative.
- (3) After revoking the suspension, the Secretary must:
- (a) within 20 working days after the revocation, give written notice of the revocation to the person in relation to whom the kind of medical device concerned is included in the Register; and
 - (b) as soon as practicable after the revocation, cause to be published in the *Gazette* a notice setting out particulars of the revocation.

Section 41GE

- (4) If the Secretary decides, after an application is made under paragraph (2)(a), not to revoke the suspension, the Secretary must:
 - (a) notify the applicant in writing of his or her decision within 20 working days after the decision is made; and
 - (b) state in the notice the reasons for the decision.

41GE Treating applications for revocation as having been refused

- (1) The applicant for the suspension to be revoked may give the Secretary written notice that the applicant wishes to treat the application as having been refused if:
 - (a) a period is prescribed under paragraph 63(2)(dd) for the Secretary to make a decision on the application; and
 - (b) at the end of the period, the Secretary has not made a decision.
- (2) The notice may be given at any time before the Secretary makes a decision on the application.
- (3) If a notice has been given, this Act (except for subsection 60(5)) has effect as if:
 - (a) the Secretary had decided not to revoke the suspension; and
 - (b) the Minister had made a decision under subsection 60(3) confirming the decision of the Secretary; and
 - (c) the Minister's decision had been made on the day on which notice was given to the Secretary.

Subdivision B—Suspension as a result of suspension under Part 4-4

41GF Suspension of kinds of medical devices from the Register

- (1) The Secretary may, by written notice given to the person in relation to whom a kind of medical device is included in the Register, suspend the kind of device from the Register if the conformity assessment certificate applying to that kind of device is suspended under Division 3 of Part 4-4.
- (2) If the suspension under Division 3 of Part 4-4 is limited to some medical devices of that kind, the suspension under this section is taken to be limited to the same extent.

- (3) The Secretary must cause to be published in the *Gazette*, as soon as practicable after the suspension, a notice setting out particulars of the suspension.

41GG Duration of suspension

- (1) The suspension takes effect on the day on which the notice is given to the person.
- (2) The suspension has effect until the Secretary revokes it under section 41GH.

41GH Revocation of suspension

- (1) The Secretary must revoke the suspension if:
 - (a) the suspension under Division 3 of Part 4-4 ceases to have effect; and
 - (b) the Secretary is satisfied that there are no other grounds for suspending the kind of device from the Register.
- (2) After revoking the suspension, the Secretary must:
 - (a) within 20 working days after the revocation, give written notice of the revocation to the person in relation to whom the kind of medical device concerned is included in the Register; and
 - (b) as soon as practicable after the revocation, cause to be published in the *Gazette* a notice setting out particulars of the revocation.

Subdivision C—Effect of suspension

41GI Effect of suspension

If all or some medical devices of a particular kind are suspended, they are taken, for the purposes of this Act (other than Division 2 of Part 4-5, this Division and Part 4-8), not to be included in the Register while the suspension has effect.

Note: Dealing in medical devices that are not included in the Register may be an offence or may contravene a civil penalty provision: see Division 3 of Part 4-11.

Chapter 4 Medical devices

Part 4-6 Suspension and cancellation from the Register

Section 41GM

- (f) the annual charge payable under subsection 4(1B) of the *Therapeutic Goods (Charges) Act 1989* in respect of the inclusion of the kind of device in the Register is not paid within 20 working days after it becomes payable; or
- (g) both of the following apply:

- (h) there is a serious breach, involving the kind of device, of the requirements relating to advertising applicable under Part 5-1 or under the regulations, and the Secretary is satisfied that:
 - (i) the breach is significant; and
 - (ii) as a result of the breach, the presentation of devices of that kind is misleading to a significant extent.

41GM Cancellation of entries of kinds of medical devices from the Register after section 41JA notice

- (1) The Secretary may, by written notice given to the person in relation to whom a kind of medical device is included in the Register, cancel the entry of the kind of device from the Register if:

 - (b) the notice under section 41JA is given for the purposes of ascertaining whether the kind of device should have been included in the Register; and
 - (c) the person fails to comply with the notice under section 41JA within a further 10 working days from the day specified in that notice.
- (2) The Secretary may, by written notice given to the person in relation to whom a kind of medical device is included in the Register, cancel the entry of the kind of device from the Register if:

41GN Cancellation of entries of kinds of medical devices from the Register after notice of proposed cancellation

 - (b) the person in relation to whom the kind of medical device is included in the Register refuses or fails to comply with a condition to which that inclusion is subject; or
 - (c) the Secretary gives to the person a notice under section 41JA:

- (3) The Secretary is not to make a decision relating to the proposed cancellation until the Secretary has had regard to any submissions the person makes under paragraph (2)(b).

41GO Limiting cancellation of entries from Register to some medical devices of a particular kind

- (1) If the Secretary is satisfied that the ground for cancelling the entry of a kind of medical device from the Register applies only to some medical devices of that kind, the Secretary must limit the cancellation to the medical devices to which that ground or any other ground for cancellation applies.
- (2) If the cancellation of the entry of a kind of medical device from the Register is limited to some medical devices of that kind, the Secretary:
 - (a) must vary the entry in the Register accordingly; and
 - (b) must not delete the entry from the Register because of the cancellation.

41GP Publication of cancellation of entry from Register

The Secretary must cause to be published in the *Gazette*, as soon as practicable after cancelling an entry from the Register of a kind of medical device, or of some devices of a particular kind, a notice setting out particulars of the cancellation.

Part 4-6A—Exempting medical devices to deal with emergencies

Note 1: There are offences and civil penalty provisions related to the making of exemptions under this Part: see Division 3A of Part 4-11.

Note 2: Some of the other provisions of this Act about medical devices exempt under this Part are:

Chapter 5A Enforcement

Conduct contravening more than one civil penalty provision

- (5) If conduct constitutes a contravention of 2 or more civil penalty provisions, proceedings may be instituted under this Act against a person in relation to the contravention of any one or more of those provisions. However, the person is not liable to more than one pecuniary penalty under this section in respect of the same conduct.

42YA What is a *civil penalty provision*?

A subsection of this Act (or a section of this Act that is not divided into subsections) is a ***civil penalty provision*** if the words “civil penalty” and one or more amounts in penalty units are set out at the foot of the subsection (or section).

42YB Meaning of penalty unit

In this Act, ***penalty unit***, in relation to a civil penalty provision, has the same meaning as given by section 4AA of the *Crimes Act 1914*.

- (1) This section applies if it appears to the Secretary that a person (the *wrongdoer*) may have contravened a civil penalty provision.
- (2) If the Secretary, on reasonable grounds, suspects that a person other than the wrongdoer can give information relevant to an application for a civil penalty order in relation to the contravention, whether or not such an application has been made, the Secretary may, by writing given to the person, require the person to give all reasonable assistance in connection with such an application.
- (3) Subsection (2) does not apply in relation to a duly qualified legal practitioner who is acting, or has acted, for the wrongdoer.
- (4) If a person fails to give assistance as required under subsection (2), the Federal Court may, on the application of the Secretary, order the person to comply with the requirement as specified in the order.

42YI Evidence given in proceedings for civil penalty not admissible in criminal proceedings

Evidence of information given or evidence of production of documents by an individual is not admissible in criminal proceedings against the individual if:

- (a) the individual previously gave the evidence or produced the documents in proceedings for a pecuniary penalty order against the individual for a contravention of a civil penalty provision (whether or not the order was made); and

- (b) the conduct alleged to constitute the offence is substantially the same as the conduct that was claimed to constitute the contravention.

However, this does not apply to a criminal proceeding in respect of the falsity of the evidence given by the individual in the proceedings for the pecuniary penalty order.

Part 5A-2—Infringement notices

42YJ Infringement notices in respect of offences

- (1) The regulations may make provision enabling a person who is alleged to have committed an offence against this Act to pay to the Commonwealth, as an alternative to prosecution, a specified penalty.
