### 2.1 Interpretation

In these Regulations, unless the contrary intention appears:

*AAT* means the Administrative Appeals Tribunal.

*ACCC* means the Australian Competition and Consumer Commission established under the *Trade Practices Act 1974*.

*accredited course of study* means a course of study that is accredited by the Board under regulation 20.2A of the *Patents Regulations 1991*.

*Act* means the *Trade Marks Act 1995*.

*AFS request* has the meaning given by subregulation 3A.3(1).

*approved means*, for doing an action, means the means specified for the action by the Registrar in a notice made under regulation 21.21AA and published by the Registrar.

*certificate of verification* means a statement:

- (a) that a document to which the statement relates:
  - (i) has been translated by a person who is proficient in both the language from which the document has been translated into English and English; and
  - (ii) is a true and complete translation of the accompanying document to the best of the knowledge of the person who signs the statement; and
- (b) that is dated and signed.

*Code of Conduct* means the standard of practice titled “Code of Conduct for Patent and Trade Mark Attorneys” that is established by the Board from time to time.

*Designated Manager* has the same meaning as in the *Patents Act 1990*.

*Disciplinary Tribunal* means the Trans-Tasman IP Attorneys Disciplinary Tribunal established by regulation 20.61 of the *Patents Regulations 1991*.

*earlier application*, in relation to an application for the registration of a trade mark for which a right of priority is claimed, means an application for the registration of that trade mark in a Convention country:

- (a) that was filed, at the trade marks office (or its equivalent) of that Convention country, before the application for which the right of priority is claimed; and
- (b) on which the claim for the right of priority is based.

*International Register* has the meaning given by regulation 17A.2.

**IRDA** has the meaning given by regulation 17A.2.

**Madrid Protocol** means the Protocol Relating to the Madrid Agreement concerning the International Registration of Marks, as signed at Madrid on 28 June 1989.

**month**, for a period with a length expressed in months, has the meaning given by regulation 2.2.

**Panel Chair**, in relation to a Panel of the Disciplinary Tribunal, means:

- (a) the President; or
- (b) if the President is unable to perform his or her functions in relation to proceedings of the Panel because of a conflict of interest—the person appointed under subregulation 20.64(2) of the *Patents Regulations 1991* to be the Panel Chair for the proceedings.

**Panel of the Disciplinary Tribunal** means a Panel constituted under regulation 20A.11.

**President** means the President of the Disciplinary Tribunal.

**Register of Trade Marks Attorneys** means the register mentioned in section 228A of the Act.

**requester** has the meaning given by subregulation 3A.3(1).

## 2.2 Period expressed in months

In these Regulations, a period expressed in months and dating from an event, ends:

- (a) on the day, in the relevant subsequent month, which has the same number as the day of the event; or
- (b) if the relevant subsequent month has no day with the same number—on the last day of the month.

Note: This provision expresses a contrary intention to section 2G and subsection 36(1) of the *Acts Interpretation Act 1901*, and is in accordance with the Madrid Protocol. The difference between the two occurs when the initiating event is on the last day of a calendar month, which has fewer days than the month in which the period ends. For example, a period of 3 months from an event on 30 September ends on 30 December under this rule; it would end on 31 December under the *Acts Interpretation Act 1901* provisions.

- (1) In these Regulations, the Registrar may give a document to a person by:
  - (a) making the document available to the person in an electronic form; and

## **Part 3—Trade marks and trade mark rights**

### **3.1 Classification of goods and services**

- (1) For the purposes of subsection 19(3) of the Act (which deals with the classification of goods and services):

### **3.2 Period in which action for infringement may be brought**

For the purposes of paragraph 26(1)(b) of the Act (which deals with powers of the authorised user of a trade mark), the prescribed period is 2 months from the day on which the authorised user of a trade mark asks the registered owner of the trade mark to bring an action for infringement of the trade mark.

  - (g) if the AFS request relates to a matter for which the Registrar has notified conditions in the *Official Journal*—must comply with the conditions.
- (4) If the fee mentioned in paragraph (2)(b) remains unpaid 5 working days after an AFS request is submitted, the AFS request is incomplete and is taken not to have been submitted.

- (1) After receiving an AFS request the Registrar must, as soon as practicable, assess the AFS request having regard to the requirements of Part 4 of the Act and form an opinion whether or not:
  - (a) the AFS request would, if submitted in that form as an application for registration under Part 4 of the Act, be in accordance with that Part; and
  - (b) there would be grounds under Division 2 of Part 4 of the Act for rejecting the AFS request.
- (2) After forming an opinion the Registrar must, as soon as practicable, inform the requester of:
  - (a) the opinion; and
  - (b) the procedural requirements of regulation 3A.5 for making an amendment to the AFS request; and
  - (c) the procedural requirements for making an application for the registration of a trade mark under Part 4 of the Act.
- (3) The Registrar may inform the requester:
  - (a) in writing, by mail, fax or email; or
  - (b) by telephone; or

- (4) For an amended AFS request to which subregulation (2) applies, and in respect of which the fee mentioned in subregulation (3) has been paid or waived:
  - (a) the Registrar must amend the AFS request and as soon as practicable:
    - (i) assess the amended AFS request in accordance with regulation 3A.4; and
    - (ii) inform the requester under subregulation 3A.4(2); and
  - (b) the period mentioned in subregulation (1) is extended to 5 working days after the Registrar informs the requester in accordance with subparagraph (a)(ii).
- (5) If the requester advises the Registrar that the AFS request is to be amended for a purpose other than that mentioned in subregulation (2), the Registrar:
  - (a) must amend the AFS request; and
  - (b) may assess the amended AFS request, insofar as the Registrar considers practicable, having regard to:
    - (i) the complexity of the amendments requested; and
    - (ii) the length of time that remains of the period mentioned in subregulation (1); and
  - (c) insofar as it has been practicable to assess the amended AFS request—must inform the requester of the assessment.

  - (e) contain sufficient information to enable the Registrar to contact the applicant.
- (2) If an application does not meet a requirement set out in paragraph (1)(a), (b), (c) or (d), the Registrar must give to the applicant written notice of the requirement.
- (3) If the applicant meets the requirement within a period of 2 months from the date of the notice, the application is taken to be filed on the day on which the requirement is met.

**4.3 Representation of trade marks**

- (1) If practicable, the representation of a trade mark included in an application for registration of the trade mark must not exceed 8 centimetres by 8 centimetres.
- (2) In an application for the registration of 2 or more trade marks as a series, the representation of each trade mark in the series must, if practicable, not exceed 8 centimetres by 8 centimetres.
- (3) In an application for the registration of a trade mark that contains, or consists of, a 3 dimensional shape:
  - (a) if practicable, the representation of the trade mark in the application must be illustrated in a perspective that shows each feature of the trade mark; and
  - (b) otherwise, the representation of the trade mark in the application must include views of the trade mark that are necessary to show each feature of the trade mark.
- (4) If the Registrar reasonably believes that the views of a trade mark to which paragraph (3)(a) or (b) applies are not sufficient to allow all features of the trade mark to be properly examined, the Registrar may, by notice in writing, require the applicant to give to the Registrar up to 6 additional views of the trade mark that show the features sufficiently to permit proper examination of the trade mark.
- (5) If the representation of a trade mark in an application for registration of the trade mark includes words of a language other than English, the applicant must file in support of the application a translation of the words into English, if required to do so by the Registrar at the time of application or later.
- (6) If the representation of a trade mark in an application for registration of the trade mark includes characters constituting words, being characters that are not roman letters, the applicant must file in support of the application:

- to permit proper examination of the trade mark, the Registrar may require the applicant to give to the Registrar:

  - (b) must be taken to be part of the application.
- (10) The representation of a trade mark in an application for registration of the trade mark must be of a kind and quality that:

---

#### 4.5 Period for claiming priority for an application

For the purposes of subsection 29(1) of the Act (which deals with claims for priority), the prescribed period in relation to a claim for a right of priority for an application is 2 working days after filing the application.

#### 4.6 How to claim priority

- (1) For the purposes of subsection 29(1) of the Act (which deals with claims for priority), an applicant must claim a right of priority for an application by filing notice of the claim.
- (2) Any notice under subregulation (1) must specify, in respect of the earlier application or, if there is more than 1 earlier application, in respect of each earlier application:
  - (a) the Convention country in which the earlier application was filed at the trade marks office (or its equivalent) of that Convention country; and
  - (b) the date on which the earlier application was filed.
- (3) If, as a result of a claim for a right of priority, more than 1 priority date applies in relation to an application, a person who claims a right of priority under subsection 29(1) of the Act must specify the goods and/or services to which each priority date relates.
- (4) The applicant must inform the Registrar of the number allocated to each earlier application in the trade marks office, or its equivalent, of the Convention country in which each earlier application was filed.

#### 4.7 Publication of particulars of application

- (1) For the purposes of section 30 of the Act (which deals with publishing particulars of applications), the Registrar must publish the following particulars of the application:

  - (e) particulars of any claim for a right of priority for the application;
  - (f) the class number or numbers for the goods and/or services in respect of which registration of the trade mark is sought.
- (2) The particulars must be published in 1, or more than 1, of the following ways:
  - (a) publication in the *Official Journal*;
  - (b) listing in a computer database maintained by the Trade Marks Office;

is accompanied by a written request by the applicant to postpone publication of the particulars of the application, the Registrar must publish the particulars of the application as soon as practicable after the expiration of 3 months after the date on which the application was filed.

#### 4.8 Examination of application—report to applicant

- (1) For the purposes of section 31 of the Act (which deals with examination and reporting), if in the course of an examination of an application the Registrar reasonably believes that:
  - (a) the application has not been made in accordance with the Act or these regulations; or
  - (b) there are grounds under Division 2 of Part 4 of the Act for rejecting it; the Registrar must report that belief in writing to the applicant.
- (2) A report under subregulation (1) must include notice of the date on which the application will lapse if it is not accepted earlier.
- (3) If the Registrar reasonably suspects that the provisions of paragraph 27(1)(b) of the Act do not apply in relation to all of the goods and/or services specified in an application for registration of a trade mark, the Registrar may require the applicant to make a declaration to the Registrar that those provisions apply to all of those goods and/or services.

Note: Section 37 of the Act and regulation 4.12 deal with the lapsing of an application before acceptance.

#### 4.9 Examination—applicant's response to report

- (1) An applicant may respond in writing to the Registrar's report under regulation 4.8.
- (2) The response may:
  - (a) contest a belief of the Registrar that is expressed in the report; and
  - (b) contest another matter that is mentioned in the report; and
  - (c) provide further documents or evidence in support of the application; and
  - (d) request that the application be amended in accordance with the Act.

Note: Section 65 of the Act relates to the amendment of an application after particulars of the application have been published.

#### 4.10 Examination—further report to applicant

- (1) On receipt of a response under regulation 4.9, the Registrar must consider the response.

- (2) If the Registrar continues to believe that:
  - (a) the application has not been made in accordance with the Act or these regulations; or
  - (b) there are grounds under Division 2 of Part 4 of the Act for rejecting it; the Registrar must report that belief in writing to the applicant.
- (3) Unless acceptance of an application is deferred, a report under subregulation (2) in relation to that application must include notice of the date on which the application will lapse if it is not accepted earlier.
- (4) Regulation 4.9 and this regulation apply to a report under subregulation (2) as if it were a report under regulation 4.8.

#### **4.11 Examination—additional requirements**

- (1) In the course of an examination of an application for which a right of priority is claimed, the Registrar may require in writing the applicant to file:
  - (a) a copy of any earlier application certified in the trade marks office (or its equivalent) of the Convention country in which it was filed; and
  - (b) if the earlier application is not in English:

The following endnotes are included in every compilation:

Endnote 1—About the endnotes

Endnote 2—Abbreviation key

Endnote 3—Legislation history

Endnote 4—Amendment history

### Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

### Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

### Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

### Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
