 - (a) turned to be read; and
 - (b) separated for the purposes of reproduction and then rejoined.

4 Margins

- (1) Subject to subclause (2), each sheet of a specification, or an abstract, must have a margin that is not less than:

- (3) The sheets of a specification that contain drawings must be numbered by means of sets of 2 arabic numerals separated by an oblique stroke, the first numeral in each set being the consecutive number of each sheet, beginning with the arabic number '1', and the second being the total number of the sheets containing the drawings.
- (4) If there is more than 1 claim referred to in a complete specification, the claims must be numbered consecutively in arabic numerals beginning with '1'.

- (5) In a statement of proposed amendments:
 - (a) the proposed amendments must be numbered consecutively; and
 - (b) if the statement is a subsequent one, the numbering must be consecutive with the numbers in the previous statement.

- (4) A table or a chemical or mathematical formula may be presented in a horizontal format if it cannot be presented in a vertical format in a satisfactory manner.
- (5) If a table or a chemical or mathematical formula is presented in a horizontal format, the top of the table or formula must be placed on the left side of the paper.

9 Words in drawings

A drawing must not include text, other than a word or words indispensable to the understanding of the drawing.

10 Alterations

- (1) Subject to subclause (2), a document must be free from erasures, alterations, overwritings and interlineations.

- (4) If the scale of a drawing is given on the drawing, it must be represented graphically.
- (5) A letter, number or reference line that is shown on a drawing must be presented simply and be clear.

- (11) For the lettering of a drawing, the Latin or, if customary, the Greek alphabet must be used.
- (12) If drawings on 2 or more sheets of drawings form in effect a single drawing, the drawings must be so arranged that the single drawing can be assembled without concealing any part of the other drawings.
- (13) Subject to subclause (14), if there is more than 1 drawing on a sheet of drawings, the drawings must be presented on the sheet of drawings in a vertical format and separate from each other.

- (14) If the drawings on a sheet of drawings cannot be presented in a vertical format, they must be presented in a horizontal format with the tops of the drawings on the left of the sheet of drawings.

The following endnotes are included in every compilation:

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
