## **Schedule 1—Standard carrier licence conditions**

Note: See section 61.

### **Part 1—Compliance with this Act**

#### **1 Compliance with this Act**

- (1) A carrier must comply with this Act.
- (2) In this clause:

*this Act* includes the *Telecommunications (Consumer Protection and Service Standards) Act 1999* and regulations under that Act and Chapter 5 of the *Telecommunications (Interception and Access) Act 1979*.

## Part 3—Access to supplementary facilities

### 16 Simplified outline

The following is a simplified outline of this Part:

- Carriers must provide other carriers with access to facilities for the purpose of enabling the other carriers to:
  - (a) provide competitive facilities and competitive carriage services; or
  - (b) establish their own facilities.

### 17 Access to supplementary facilities

- (1) A carrier (the *first carrier*) must, if requested to do so by another carrier (the *second carrier*) give the second carrier access to facilities owned or operated by the first carrier.
- (2) The first carrier is not required to comply with subclause (1) unless:
  - (a) the access is provided for the sole purpose of enabling the second carrier:
    - (i) to provide competitive facilities and competitive carriage services; or
    - (ii) to establish its own facilities; and
  - (b) the second carrier's request is reasonable; and
  - (c) the second carrier gives the first carrier reasonable notice that the second carrier requires the access; and
  - (d) in a case where the facilities do not consist of customer cabling or customer equipment—the facilities:
    - (i) were in place on 30 June 1991; or

- (ii) were not in place on 30 June 1991, and were not obtained after that date by the first carrier solely by means of commercial negotiation.
- (2A) Subclause (1) does not impose an obligation to the extent (if any) to which the imposition of the obligation would have any of the following effects:
- (a) depriving any person of a right under a contract that was in force at the time the request was made;
  - (b) preventing Telstra from complying with an undertaking in force under section 577A, 577C or 577E;
  - (c) if a final migration plan is in force—requiring Telstra to engage in conduct in connection with matters covered by the final migration plan.
- (2B) If, at the time the request was made:
- (a) one or more provisions (the *contingent provisions*) of a contract have not come into force because:
    - (i) the contingent provisions are subject to a condition precedent; and
    - (ii) the condition precedent has not been satisfied; and
  - (b) there is a possibility that the condition precedent could become satisfied; and
  - (c) assuming that the condition precedent had been satisfied:
    - (i) the contingent provisions would come into force; and
    - (ii) the person would have a right under the contingent provisions;
- paragraph (2A)(a) has effect, in relation to the contract, as if, at the time the request was made:
- (d) the contract was in force; and
  - (e) the person had the right under the contract.
- (3) For the purposes of this clause, in determining whether the second carrier's request is reasonable, regard must be had to the question whether compliance with the request will promote the long-term interests of end-users of carriage services or of services supplied by means of carriage services. That question is to be determined in the

Clause 18

---

same manner as it is determined for the purposes of Part XIC of the *Competition and Consumer Act 2010*.

- (4) Subclause (3) is intended to limit the matters to which regard may be had.
- (4A) For the purposes of subclause (1), if:
- (a) there is an agreement in force between Telstra and an NBN corporation; and
  - (b) the agreement relates to the NBN corporation's access to facilities owned or operated by Telstra; and
  - (c) apart from this clause, the agreement would result in the NBN corporation being the operator of the facilities;
- the NBN corporation is taken not to be the operator of the facilities.
- (5) A reference in this clause to a **facility** is a reference to:
- (a) a facility as defined by section 7; or
  - (b) land on which a facility mentioned in paragraph (a) is located; or
  - (c) a building or structure on land referred to in paragraph (b); or
  - (d) customer equipment, or customer cabling, connected to a telecommunications network owned or operated by a carrier.
- (6) In this clause:
- NBN corporation** has the same meaning as in section 577BA.

## 18 Terms and conditions of access

- (1) The first carrier (within the meaning of clause 17) must comply with subclause 17(1) on such terms and conditions as are:
- (a) agreed between the following parties:
    - (i) the first carrier;
    - (ii) the second carrier (within the meaning of that clause);or
  - (b) failing agreement, determined by an arbitrator appointed by the parties.

If the parties fail to agree on the appointment of an arbitrator, the ACCC is to be the arbitrator.

- (2) The regulations may make provision for and in relation to the conduct of an arbitration under this clause.
- (3) The regulations may provide that, for the purposes of a particular arbitration conducted by the ACCC under this clause, the ACCC may be constituted by a single member, or a specified number of members, of the ACCC. For each such arbitration, that member or those members are to be nominated in writing by the Chairperson of the ACCC.
- (4) Subclause (3) does not, by implication, limit subclause (2).
- (5) A determination made in an arbitration under this clause must not be inconsistent with a Ministerial pricing determination in force under clause 19.
- (6) An arbitrator must not make a determination under this clause if the determination would have the effect of:
  - (a) preventing Telstra from complying with an undertaking in force under section 577A, 577C or 577E; or
  - (b) if a final migration plan is in force—requiring Telstra to engage in conduct in connection with matters covered by the final migration plan.
- (7) If:
  - (a) an agreement mentioned in paragraph (1)(a) is in force; and
  - (b) the agreement is in writing;a determination under this clause has no effect to the extent to which it is inconsistent with the agreement.

## **19 Ministerial pricing determinations**

- (1) The Minister may, by legislative instrument, make a determination setting out principles dealing with price-related terms and conditions relating to the obligations imposed by subclause 17(1).

**Schedule 1** Standard carrier licence conditions  
**Part 3** Access to supplementary facilities

Clause 19

---

The determination is to be known as a ***Ministerial pricing determination***.

(3) In this clause:

***price-related terms and conditions*** means terms and conditions relating to price or a method of ascertaining price.

## **Part 4—Access to network information**

### **20 Simplified outline**

The following is a simplified outline of this Part:

- Carriers must provide other carriers with access to certain information relating to the operation of telecommunications networks.

### **21 Access to network information**

- (1) This clause applies to a carrier (the *first carrier*) if the first carrier supplies carriage services to another carrier (the *second carrier*).
- (2) The first carrier must, if requested to do so by the second carrier, provide the second carrier with reasonable access to:
  - (a) timely and detailed information from the first carrier's operations support systems; and
  - (b) timely and detailed traffic flow information.
- (3) The first carrier is not required to comply with subclause (2) unless:
  - (a) a purpose of the access is to enable the second carrier to undertake planning, maintenance or reconfiguration of the second carrier's telecommunications network; and
  - (b) the second carrier's request is reasonable.
- (4) If information is requested by the second carrier under subclause (2), the first carrier must make the information available to the second carrier as soon as practicable after the request is made.
- (5) Clauses 22, 23, 24, 25 and 29 do not, by implication, limit this clause.

## 22 Access to information in databases

- (1) This clause applies to a carrier (the *first carrier*) if the first carrier supplies carriage services to another carrier (the *second carrier*).
- (2) The first carrier must, if requested to do so by the second carrier, provide the second carrier with reasonable access to timely and detailed information that:
  - (a) is contained in the first carrier's databases; and
  - (b) relates to the manner in which the first carrier's telecommunications network treats calls of a particular kind.
- (3) The first carrier is not required to comply with subclause (2) unless:
  - (a) a purpose of the access is to enable the second carrier to undertake planning, maintenance or reconfiguration of the second carrier's telecommunications network; and
  - (b) the second carrier's request is reasonable.
- (4) If information is requested by the second carrier under subclause (2), the first carrier must make the information available to the second carrier as soon as practicable after the request is made.

**33 Access to telecommunications transmission towers**

- (1) A carrier (the ***first carrier***) must, if requested to do so by another carrier (the ***second carrier***), give the second carrier access to a telecommunications transmission tower owned or operated by the first carrier.
- (2) The first carrier is not required to comply with subclause (1) unless:
  - (a) the access is provided for the sole purpose of enabling the second carrier to install a facility used, or for use, in connection with the supply of a carriage service by means of radiocommunications; and
  - (b) the second carrier gives the first carrier reasonable notice that the second carrier requires the access.
- (3) The first carrier is not required to comply with subclause (1) in relation to a particular telecommunications transmission tower if there is in force a written certificate issued by the ACCC stating that, in the ACCC's opinion, compliance with subclause (1) in relation to that tower is not technically feasible.
- (4) In determining whether compliance with subclause (1) in relation to a tower is technically feasible, the ACCC must have regard to:

- (a) whether compliance is likely to result in significant difficulties of a technical or engineering nature; and
  - (b) whether compliance is likely to result in a significant threat to the health or safety of persons who operate, or work on, the tower; and

## **Division 2—Control and use by Telstra of certain spectrum licences**

### **84 Control by Telstra of certain spectrum licences**

- (1) If:
- (a) the excluded spectrum regime applies to Telstra; and

(2) The ACMA must not issue a facility installation permit unless the ACMA has held a public inquiry in relation to the permit.

(3) The ACMA may decide to refuse to issue a facility installation permit without holding a public inquiry in relation to the permit.

Note: An example of the operation of this subclause would be a case where the application does not disclose grounds on which the ACMA could issue the permit.

(4) If the ACMA decides to refuse to issue a facility installation permit, it must give the applicant a written notice setting out the decision.

(5) Clause 23 does not prevent a charge from being fixed by a determination under section 60 of the *Australian Communications and Media Authority Act 2005* in relation to the holding of a public inquiry in relation to a permit.

**26 Deemed refusal of facility installation permit**

(1) If:

(a) the ACMA receives an application for a facility installation permit; and

(b) 10 business days pass and the ACMA has neither:

(i) notified the applicant in writing that the ACMA has decided to refuse to issue the permit; nor

(ii) notified the applicant in writing that the ACMA has decided to hold a public inquiry in relation to the permit;

the ACMA is taken, at the end of that period of 10 business days, to have decided to refuse to issue the permit.

(2) If:

(a) the ACMA receives an application for a facility installation permit; and

(b) 65 business days pass and the ACMA has neither:

(i) notified the applicant in writing that the ACMA has decided to refuse to issue the permit; nor

- (ii) notified the applicant in writing that the ACMA has decided to issue the permit;
- the ACMA is taken, at the end of that period of 65 business days, to have decided to refuse to issue the permit.
- (3) The ACMA may, by written instrument, determine that subclause (2) has effect, in relation to a specified application for a facility installation permit, as if a reference in that subclause to 65 business days were a reference to such greater number of business days, not exceeding 85 business days, as is specified in the determination. The determination has effect accordingly.
- (4) In determining the validity of any action taken by the ACMA under Part 25 in relation to the holding of a public inquiry in relation to a permit, regard must be had to the ACMA's need to act with sufficient speed to meet the time limit imposed by subclause (2).

Endnote 1—About the endnotes

Endnote 2—Abbreviation key

Endnote 3—Legislation history

Endnote 4—Amendment history

### Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

### Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

### Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

### Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can

be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.

### Endnote 5—Editorial changes

---

#### **Endnote 5—Editorial changes**

In preparing this compilation for registration, the following kinds of editorial change(s) were made under the *Legislation Act 2003*.

#### **Subparagraph 6(5)(e)(vi) of Schedule 3**

##### **Kind of editorial change**

Changes to grammar, syntax or the use of conjunctives or disjunctives

##### **Details of editorial change**

Schedule 2 item 2 of the *Telecommunications Legislation Amendment Act 2019* instructs to repeal paragraphs 6(5)(a) and (b) of Schedule 3 and substitute paragraphs 6(5)(a) to (g).

In the substituted paragraphs, the subparagraphs that contain an em rule begin with the words “in a case where”. Subparagraph 6(5)(e)(vi) contains an em rule but does not begin with the words “in a case where”.

This compilation was editorially changed to insert the words “in a case where” at the beginning of subparagraph 6(5)(e)(vi) to correct the syntax.
