## Brief description of the notified legal text

This Order introduces into the Intellectual Property Code the new provisions on the procedure to oppose patents on French inventions before the National Industrial Property Institute (INPI). This new procedure allows third parties to initiate administrative proceedings before the INPI to request the revocation or modification of a patent and sets out the rules of appeal that are applicable to decisions resulting from the exercise of that right. This Order is supplemented by two texts published in the Official Journal of 8 March 2020: Decree No. 2020-225 of 6 March 2020 on the patent opposition procedure, and the Order of 6 March 2020 on the procedural fees of the INPI.

Language(s) of notified legal text	French
