

Chapter:	362K	TRADE DESCRIPTIONS (DEFINITION OF FEI CUI AND NATURAL FEI CUI) REGULATION	Gazette Number	Version Date
----------	------	---	----------------	--------------

		Empowering section	L.N. 265 of 2008	02/03/2009
--	--	--------------------	------------------	------------

(Cap 362, section 33)

[2 March 2009] *L.N. 265 of 2008*

(Originally L.N. 42 of 2008)

Section:	1	(Omitted as spent)	L.N. 265 of 2008	02/03/2009
----------	---	--------------------	------------------	------------

Section:	2	Definition of “fei cui”	L.N. 265 of 2008	02/03/2009
----------	---	-------------------------	------------------	------------

The expression “fei cui” or “翡翠”, when used in the course of any trade or business to describe an article, means the article is a granular to fibrous polycrystalline aggregate which is composed solely or principally of any of the following or any combination of the following—

- (a) jadeite;
- (b) omphacite;
- (c) kosmochlor.

Section:	3	Definition of “natural” when used to describe fei cui	L.N. 265 of 2008	02/03/2009
----------	---	---	------------------	------------

The expression “natural” or “天然”, when used in the course of any trade or business to describe fei cui within the meaning of section 2, means the fei cui—

- (a) has not been subjected to any treatment or process which altered its crystalline structure; and
- (b) has not been subjected to any treatment or process which altered its original colour.
