Re-Classification of Goods of Old Registrations

6. (1) Where the specification of a registered trade mark is founded on the Second Schedule, the registered proprietor may apply to the Registrar in Form TM 43 for the conversion of that specification so that it may be founded on the Third Schedule, whether with or without the striking-out of goods therefrom, but so that the registration retains its original date, and shall include in the application a request for the same conversion of the specification of the goods of any registered users under that registration.

(6) The Registrar, at any time that a doubt arises as to the continued availability of an address for service entered in the register, may request the person for whom it is entered, by letter addressed to his trade or business address in the register, to confirm the address for service, and if within three months of making such a request the Registrar receives no confirmation of that address he may strike it off the register.

16. Representations in any form of any of the following, or any device so nearly resembling them as to be likely to lead to mistake, may not appear on trade marks the registration of which is applied for—

18. Where the name or representation of any person appears on a trade mark, the Registrar may require, before proceeding to register the mark to be furnished with consent from him or, in the case of a person recently dead, from his legal representatives, and in default of that consent he may refuse to register the mark.

20. (1) A person who proposes to apply for the registration of a trade mark in Part A or Part B of the register in respect of any goods may apply to the Registrar in form TM 28 or in form TM 27 in a case where he is also making an application under rule 114 for advice as to whether the trade mark, of which duplicate representations shall accompany the form, appears to the Registrar *prima facie* to be inherently adapted to distinguish within the meaning of section 12, or inherently capable of distinguishing within the meaning of section 13, of the Act in relation to those goods, and shall apply separately in relation to goods comprised within different classes of goods in the Third Schedule to these Rules.

(2) Every application claiming priority under section 67 of the Act shall state the date of the application in the United Kingdom or foreign state, and the applicant shall furnish a certificate by the registrar or other registering authority of that country, or shall otherwise verify the application made or deemed to have been made therein to the satisfaction of the Registrar.

(3) In the case of an application for registration in respect of all the goods included in a class, or of a large variety of goods, the Registrar may refuse to accept the application unless he is satisfied that the specification is justified by the use of the mark which the applicant has made, or intends to make if it is registered.

Representation of mark.

22. (1) Every application for the registration of a trade mark shall contain a representation of the mark in the space provided on the application form for that purpose.

(2) Where the representation exceeds the space in size, the representation shall be mounted upon linen, tracing cloth or such other material as the Registrar may consider suitable; part of the mounting shall be affixed in the space and the rest may be folded.

Additional forms and representations.

23. There shall be sent with every application for registration of a trade mark at least four additional representations of the mark in form TM 3 exactly corresponding to that affixed to the application form and noted with all such particulars as may from time to time be required by the Registrar; and those particulars shall, if required, be signed by the applicant or his agent.

Representations to be durable.

24. All representations of marks shall be of a durable nature, but the applicant may in case of need supply, in place of representations in form TM 3, representations on sheets of strong paper of the size prescribed in rule 9 and noted.

Separate applications.

25. Applications for the registration of the same mark in different classes shall be treated as separate and distinct applications, and in all cases where a trade mark is registered under the same official number for goods in more than one class, whether on conversion of the specification under rule 6 or otherwise, the registration in respect of the goods included in each separate class shall be deemed to be a separate registration for all the purposes of the Act.

Representations to be satisfactory.

26. The Registrar, if dissatisfied with any representation of a mark, may at any time require another representation satisfactory to him to be submitted before proceeding with the application.

Specimens of trade marks in exceptional cases.

27. (1) Where a drawing or other representation or specimen cannot be given as prescribed in these Rules, a specimen or copy of the trade mark may be sent either of full size or on a reduced scale, and in such form as the Registrar may think most convenient.

(2) The Registrar may also, in exceptional cases, deposit in the office a specimen or copy of any trade mark which cannot conveniently be shown by a representation, and may refer thereto in the register in such manner as he may think fit.

28. Where application is made for the registration of a series of trade marks under subsection (2) of section 24 of the Act, a representation of each trade mark of the series shall be included, all as prescribed in these Rules, in the application form, in the duplicate thereof (if any), and in each of the accompanying forms TM 3.

Series of trade marks.

29. (1) Where a trade mark contains a word or words in characters other than Roman, there shall, unless the Registrar otherwise directs, be endorsed on the application form, and on each of the accompanying forms TM 3, a sufficient transliteration and translation to the satisfaction of the Registrar of each of the words, and every such endorsement shall state the language to which the word belongs and shall be signed by the applicant or his agent.

Transliteration and translation.

(2) Where a trade mark contains a word or words in a language other than English, the Registrar may ask for an exact translation thereof together with the name of the language, and the translation and name, if he so requires, shall be so endorsed and signed.

Procedure on Receipt of Application for Registration of a Trade Mark

30. Upon receipt of an application for the registration of trade mark in respect of any goods, the Registrar shall cause a search to be made amongst the registered marks and pending applications, for the purpose of ascertaining whether there are on record in respect of the same goods or description of goods any marks identical with the mark applied for, or which so nearly resemble it as to render the mark applied for likely to deceive or cause confusion, and the Registrar may cause the search to be renewed at any time before the acceptance of the application, but shall not be bound to do so.

Search

31. After a search, and consideration of the application, and of any evidence of use or of distinctiveness or of any other matter which the applicant may or may be required to furnish, the Registrar may accept the application absolutely, or he may object to it, or he may express his willingness to accept it subject to such conditions, amendments, disclaimer, modifications or limitations as he may think right to impose.

Registrar's powers on application.

32. If the Registrar objects to the application, he shall inform the applicant of his objections in writing, and unless within two months the applicant applies for a hearing or makes a considered reply in writing to those objections he shall be deemed to have withdrawn his application.

Objection by Registrar.

33. (1) If the Registrar is willing to accept the application subject to any conditions, amendments, disclaimer, modifications or limitations, he shall communicate his willingness to the applicant in writing, and, if the applicant objects to the conditions, amendments, disclaimer, modifications or limitations, he shall within one month from the date of the communication apply for a hearing or communicate his considered objections in writing, and if he does not do so he shall be deemed to have withdrawn his application.

Conditions by Registrar.

(2) If the applicant does not object to the conditions, amendments, disclaimer, modifications or limitations, he shall forthwith notify the Registrar in writing, and alter his application accordingly.

[Subsidiary]

Decision of Registrar.

34. (1) The decision of the Registrar, at a hearing under rule 32 or rule 33, or without a hearing if the applicant has duly communicated his considered objections or considered reply, in writing, and has stated that he does not desire to be heard, shall be communicated to the applicant in writing, and if the applicant objects to the decision he may within one month, by applying in form TM 4, require the Registrar to state in writing the grounds of, and the materials used by him in arriving at, his decision.

(2) In a case where the Registrar makes any requirements to which the applicant does not object, the applicant shall comply therewith before the Registrar issues the statement in writing; and the date when the statement is sent to the applicant shall be deemed to be the date of the Registrar's decision for the purpose of appeal.

Disclaimer.

35. The Registrar may call on an applicant to insert in his application such disclaimer as the Registrar may think fit, in order that the public generally may understand what the applicant's rights, if his mark is registered, will be.

Defensive Trade Marks

Application under section 30.

36. (1) An application for the registration of a defensive trade mark under section 30 of the Act shall be made, addressed and sent to the Registrar in form TM 31, and shall be accompanied by a statement of case setting forth full particulars of the facts on which the applicant relies in support of his application, verified by a statutory declaration made by the applicant or some other person approved for the purpose by the Registrar.

(2) The applicant may send with this declaration, or subsequently, such other evidence as he may desire to furnish, whether after request made by the Registrar or otherwise, and the Registrar shall consider the whole of the evidence before deciding on the application.

(3) In all other respects, and where they are appropriate and it is not otherwise stated, these Rules shall apply to such applications as they apply to applications for the registration of ordinary trade marks.

Certification Trade Marks

Application under section 40.

37. An application for the registration of a certification trade mark under section 40 of the Act shall be made to the Registrar in form TM 5, and shall be accompanied by two duplicates of the application in that form, and by six additional representations of the trade mark in form TM 3.

Authorization to proceed.

38. These Rules shall apply to applications under rule 37 as they apply to applications for the registration of ordinary trade marks, except that the applicant shall not be deemed to have abandoned his application if in the circumstances of rule 32 or rule 33 he does not apply for a hearing or reply in writing.

Case; draft regulations.

39. (1) The applicant shall send to the Registrar with his application or when required by the Registrar a case setting out the grounds on which he relies in support of his application together with draft regulations for governing the use of the mark and form TM 33, all being in duplicate.

(2) The Registrar may communicate to the applicant any observations he may have to make on the sufficiency of the case or the suitability of the draft regulations and the applicant may modify either of those documents.

40. If the Registrar decides to accept the application the regulations for governing the use of the mark approved by the Registrar, as well as the form of application, shall be open to public inspection.

Regulations and application to be open to inspection.

Advertisement of application.

(1A) Where an application for the registration of a trade mark which has been advertised under paragraph (1) is subsequently withdrawn by the applicant, that withdrawal shall be advertised in the Gazette during such times and in such manner as the Registrar may direct.

(2) In the case of an application with which the Registrar proceeds only after the applicant has lodged the written consent to the proposed registration of the registered proprietor of another trade mark or another applicant, the words "By Consent" shall appear in the advertisement.

(3) If no representation of the trade mark is included in the advertisement of the application, the Registrar shall refer in the advertisement to the place or places where a specimen or representation of the trade mark is deposited for exhibition.

43. For the purposes of an advertisement the applicant may at the appropriate time supply or be required to supply a printing block (or more than one, if necessary) of the trade mark satisfactory to the Registrar, of such dimensions as may from time to time be approved or directed by the Registrar, or shall supply such information or other means of advertising the trade mark as may be required by the Registrar; and the Registrar, if dissatisfied with the printing block supplied by the applicant or his agent, may require a fresh block before proceeding with the advertisement.

Printing block.

44. Security for costs.
