

Regulation

on fees for patenting of inventions, utility models, industrial designs, selection achievements, registration of trademarks, service marks, appellations of origin, the right to use an appellations of origin and registration of patent attorneys.

Section 1. General provisions

1. This Regulation establishes the procedure, amount and terms of payment of fees for the performance of legally significant actions prescribed by the Patent Law of the Kyrgyz Republic, laws of the Kyrgyz Republic "On Legal Protection of Selection Achievements", "On Trademarks, Service Marks and Appellations of Origin" and "On Patent attorneys "as well as the grounds for exemption from the payment of fees and reduction of their size.

2. The amounts of the fees establish in the specified rate and paid in the national currency.

In case of application by non-residents of the Kyrgyz Republic for registration of inventions, utility models, industrial designs, trademarks, service marks, appellations of origin, the right to use appellations of origin (further - the objects of industrial property), the registration of selection achievements, fees could be paid in freely convertible currency in the amount equivalent to the size of the established fee, according to the current rate of the National Bank of the Kyrgyz Republic on the date of payment.

3. Persons who are sole authors of inventions, utility models, selection achievements and applying for the patent in his own name or is the sole owner of the patent for invention, utility model, selection achievement, the following privileges on payment of the fee established by Sections II and IV of this Regulation:

- a) participants of the Great Patriotic War or persons equal to them, as well as persons with disabilities, with group 1 disability, fully exempt from payment of fees;
- b) individuals, regardless of their place of residence pay the 10% of fees;
- c) non-profit organizations, including research institutes and institutions of higher education, regardless of their location pay 10% of fees.

4. Privileges set out in paragraph 3 of Section I of this Regulation, provided at the request of the applicant, submitted to the authorized state body in the field of intellectual property, instead of the document confirming payment of the fee, if the privilege is the exemption from payment of the fee, or in conjunction with this document or if the privilege is to reduce its size.

Granting of the right for exemption from payment of the fee, or the payment of fees reduced in size is implemented with of the submission of a copy of the standard form document, confirming the applicant's status.

5. The status of the applicants referred to in paragraph 3 of Section I of this Regulation is determined under the law of the country of residence or location of the applicants.

6. If there are few applicants seeking for a patent in their own name, then the corresponding preferential rate applies only when all the applicants belong to a category of persons referred to in paragraph 3 of Section I of this Regulation.

If the group of applicants, consisting of various categories of persons applying for the patent on their own name, the fee shall be paid by the applicant's rate at which the most minimal privileges.

7. The document confirming payment of the fee is a copy of the payment order having the stamp of the bank for payment or bank receipt for payment of fees in cash or by transfer from the personal account.

A document confirming payment of the fee must contain the registration number of the application, patent or evidence and the name of the action for which the fee has been paid. If the registration number of the application has not yet been assigned, the document along with the name of the action for which the fee is paid, must contain the name of the industrial

property object or selection achievement, as well as the name of the first author or the name of the applicant. Compliance of the size of the fee paid is determined on the date of its payment.

8. The fees paid is non-refundable, with the exception in cases when its payment was made in the amount exceeding established by this Regulation, or when the action for which the fee was paid, has not been performed.

In these cases, on request of the applicant, his representative or the person who paid the fee, the overpaid amount of fee is returned or, at the request of the applicant, shall be included in the payment of other privileges provided in this Regulation.

Section 2. Inventions and utility models

№	Assignment of fee	The amount of the fee (in the specified rate)
9	Filing application for granting a patent for invention with the formal examination	40
10	Filing application for granting a patent for invention and verification of compliance with the requirements of the examination on formal matters in accordance with the Eurasian Patent Convention (ratified by the resolutions of the Legislative Assembly of the Jogorku Kenesh of the Kyrgyz Republic from September 27, 1995 № 213-1 and the Assembly of People's Representatives of the Jogorku Kenesh of the Kyrgyz Republic from September 28, 1995 № 167-1), an international application under the Patent Cooperation Treaty (hereinafter - PCT) (ratified by the Kyrgyz Republic declaration of international agreements in the field of industrial property on January 6, 1994 number 20-16)	40
11	Filing application for granting a patent for utility model with the formal examination	15

A document confirming the payment of the fee for filing an application for invention, utility model, should be submitted together with the application or within two months from the date of filing the application to the authorized state body in the field of intellectual property.

When submitting mentioned document after filing an application, the fee shall be increased by 20%.

№	Assignment of fee	The amount of the fee (in the specified rate)
12	Requesting convention priority at the end of the terms established by the Paris Convention (ratified by the Kyrgyz Republic declaration of international agreements on industrial property from January 6, 1994 № 20-16), but no later than two months. (Restoration of the right of convention priority)	35

A document confirming the payment of the fee should be submitted together with the application requesting a priority.

№	Assignment of fee	The amount of the fee (in the specified rate)
13	A preliminary examination of:	
	-one invention, utility model;	40
	-a group of inventions, utility models, for every invention and utility model more than one;	+15
	-for each dependent item of formula more than ten	+5

A document confirming the payment of the fee for conducting the preliminary examination on the application should be submitted together with a document confirming the payment of the fee for filing an application.

№	Assignment of fee	The amount of the fee (in the specified rate)
14	Accelerated preliminary examination of the invention, utility model	75

A document confirming the payment of the fee for conducting the accelerated examination by the application should be submitted together with the request for accelerated examination.

In case of failure to provide a document confirming payment of the fee together with the request, accelerated examination is not conducted.

№	Assignment of fee	The amount of the fee (in the specified rate)
15	Adding corrections and clarifications in the application for the invention, utility model on the stage of preliminary examination on the initiative of applicant	20
16	Inclusion in the formula of the invention, utility model of the items allocated from the initial formula at the preliminary examination stage on the initiative of the applicant:	
	Additionally for every item included in formula	+30

A document confirming the payment of the fee should be submitted together with the materials containing the modified formula.

In case of failure to provide a document confirming the payment of the prescribed fee together with the materials, a change in the formula does not take into account when considering the application.

№	Assignment of fee	The amount of the fee (in the specified rate)
17	Publication of the application for invention earlier than 18 months	30

A document confirming the payment of the fee should be submitted together with a request for publication of the application for the invention earlier than 18 months.

In case of failure to provide a document confirming the payment of the fee together with a request, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
18	Conducting a substantive examination in respect of:	
	-one invention	150
	-group of invention, for every invention more than one	+75

	-for every dependent item of the formula more than 10	+7
--	---	----

The examination fee is reduced by 25% where an international search report has been established by one of the International Searching Authorities under the PCT

The examination fee is reduced by 50% where an international preliminary examination report has been established by one of the International Searching Authorities under the PCT.

The examination fee is reduced by 75% where expert decision of the Federal Institute of Industrial Property of the Russian Federation to grant a patent has been established.

№	Assignment of fee	The amount of the fee (in the specified rate)
19	Adding corrections and clarifications in the application materials for the invention after filing a request for substantive examination on the initiative of applicant	60
20	Inclusion of independent items into the formula of invention, selected from the original formula, after the filing of request for conducting a substantive examination:	
	-for every item selected into independent (additionally)	+55

A document confirming the payment of the fee submitted together with the materials containing the modified formula.

In case of failure to provide a document confirming the payment of the prescribed fee together with the materials, changes while reviewing an application are not taken into account.

№	Assignment of fee	The amount of the fee (in the specified rate)
21	Conversion:	
	- applications for utility model into the application for invention	35
	-for every invention more than one	+7
	-applications for invention into the application for utility model	20
22	Extension of the response time to the examination request, for each month of the extension, but not more than 12 months	30
23	Submission to the Appeals Board of an Objection:	
	-to a decision to refuse to grant a patent for an invention, utility model, accepted as a result of formal or preliminary examination;	75
	-to a decision to refuse to grant a patent for an invention, accepted as a result of the substantive examination;	150
	-against the grant of a patent for invention, utility model	200
24	Restoration of the legally prescribed period, by the applicant, for each month of delay, but not more than 12 months:	
	- submission of additional materials, corrected or missing documents upon request in the process of formal examination;	30
	-response to a notice of violation of the requirement of unity of invention in the application;	30
	-submission of additional materials upon request in the process of preliminary examination or substantive examination of the application;	30

	- submission to the Appeal Board of an objection to a decision to refuse to grant a patent for an invention, a utility model adopted as a result of formal or preliminary examination or substantive examination of the application	30
25	Submission of an application for the cession of rights for obtain a patent filed between the date of filing the application and the date of registration of the invention or utility model	20

A document confirming the payment of the fee for filing an application on the right to obtain a patent submitted together with the request.

If a document confirming payment of the fee in the prescribed amount is not submitted together with the request, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
26	Registration:	
	- of an invention and grant of a patent for an invention, publication of a description for it with a volume of up to 35 sheets, including the formula, drawings, abstract and other materials;	50
	-for each sheet more than 35;	+5
	-of a utility model and grant of a patent for a utility model, publication of a description for it with a volume of up to 35 sheets, including the formula, drawings, abstract and other materials;	50
	-for each sheet more than 35;	+5
27	Issuance of the author's certificate of the invention and utility model	20

A document confirming the payment of the fee shall be submitted within two months from the date of receipt by the applicant of the decision to grant the patent.

A document confirming the payment of the fee shall be submitted within three months from the date of expiry of the specified time period of two months. In this case, the amount of the fee increases by 50%.

If the document confirming payment of the fee for registration and granting a patent is not provided in due course, registration, publication and grant of the patent are not produced, and the relevant application is considered withdrawn.

If the document confirming the payment of the additional fee is not submitted in the specified period, the publication of the descriptions exceeding 35 sheets is not proceeded.

№	Assignment of fee	The amount of the fee (in the specified rate)
28	Submitting an application for an open license to use a patent for an invention, a utility model, and publishing information about it	20

A document confirming the payment of the fee for submitting an application for an open license and the publication of information on such declaration shall be submitted together with the appropriate request.

If the document proving the payment of the fee in the prescribed amount is not submitted together with the request, the request for an open license is considered to be unavailable and the publication of an open license is not produced.

№	Assignment of fee	The amount of the fee (in the specified rate)
29	Issuance a duplicate of a patent or certificate of the author for the invention, utility model and the publication of information about this issue	20

A document confirming the payment of fee shall be submitted together with the request for issuing the duplicate and the publication of information about this issue.

If the document proving the payment of the fee is not submitted in the prescribed amount, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
30	The restoration of a patent for an invention and the publication of information about it	150

A document confirming the payment of fee shall be submitted together with the request for the restoration of a patent for invention and publication of information about it. If the document proving the payment of the fee is not submitted in the prescribed amount, the application is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
31	Familiarization with the application materials after the publication of data on granting a patent for an invention, utility model	50

A document confirming the payment of the fee shall be submitted together with the request for familiarization.

In case of failure to provide a document confirming the payment of the prescribed fee with the request, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
32	Amendments to the State Register and to the granted patent on invention or utility model concerning the information on granted patent on the initiative of the patent owner and publication of these amendments in accordance with Provision on State registrations on objects of intellectual property in the Kyrgyz Republic approved by the resolution of the Government of the Kyrgyz Republic of February 29, 2012 N 155	30
	Registration of transfer of exclusive right to the invention; utility model without a contract	100

A document confirming the payment of the fee shall be submitted together with the request for familiarization.

In case of failure to provide a document confirming the payment of the prescribed fee with the request, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
33	Renewal (Maintenance in force) of the patent for the invention of the Kyrgyz Republic and the Eurasian patent in respect of the Kyrgyz Republic for each year of effect:	

	For third	85
	For fourth	105
	For fifth	125
	For sixth	140
	For seventh	170
	For eights	210
	For ninth	250
	For tenth	250
	For eleventh	335
	For twelfth	335
	For thirteenth	505
	For fourteenth	505
	For fifteenth	505
	For sixteenth	590
	For seventeenth	590
	For eighteenth	590
	For nineteenth	670
	For twentieth	670
34	Renewal (Maintenance in force) of the patent for invention of the Kyrgyz Republic granted under the responsibility of the applicant, for each year of effect:	
	For third	40
	For fourth	50
	For fifth	65
	For sixth	70
	For seventh	85
	For eights	105
	For ninth	125
	For tenth	125
	For eleventh	170
	For twelfth	270
	For thirteenth	250
	For fourteenth	250
	For fifteenth	250
	For sixteenth	295
	For seventeenth	295
	For eighteenth	295
	For nineteenth	335
	For twentieth	335
35	Renewal (Maintenance in force) of the patent for utility model of the Kyrgyz Republic, granted under the responsibility of the applicant, for each year of effect:	
	For first	30
	For second	35
	For third	40
	For fourth	40
	For fifth	55
	For sixth	70

	For seventh	70
	For eights	85

For maintenance in force of the patent for an invention, the renewal fee is paid since the third year of its validity, as of the date of filing the application.

For maintenance in force of the patent for a utility model, the renewal fee is paid since the first year of its validity, as of the date of filing the application.

A document confirming the payment of the fee for the first year of the patent validity is submitted together with a document confirming the payment of the fee for granting it.

A document confirming the payment of the fee for each following year of the patent validity for an invention, utility model, is submitted during the last two months of the year of the patent validity.

A document confirming the payment of the fee for any year of patent validity can be submitted within six months from the date of the expiration of the prescribed time limits. In this case, the fee is increased by 50%.

Upon the request of the patent owner for granting to any person the right to use the invention or utility model (open license), the fee for maintaining the patent in force is reduced by 50% from the year following the year of publication in the prescribed manner of information about such a statement.

Section III. Industrial Designs

№	Assignment of fee	The amount of the fee (in the specified rate)
36	Submission of an application for the grant of a patent for an industrial design with a formal examination	30

A document confirming the payment of the fee for the grant of a patent for an industrial design shall be submitted together with the application or within two months from the date of filing an application to the competent State authority on intellectual property.

When submitting a document confirming the payment of the fee after the filing of an application, the amount of the fee increases by 20%.

37	Requesting convention priority at the end of the terms established by the Paris Convention (ratified by the Kyrgyz Republic declaration of international agreements on industrial property from January 6, 1994 № 20-16), but no later than two months. (Restoration of the right of convention priority)	35

A document confirming the payment of the fee shall be submitted together with the application on requesting a priority.

№	Assignment of fee	The amount of the fee (in the specified rate)
38	A preliminary examination of:	
	-one variant of an industrial design	30
	-for each variant of an industrial design more than one	+15

A document confirming the payment of the fee for conducting a preliminary examination shall be submitted together with the document confirming the payment of the fee for filing an application.

№	Assignment of fee	The amount of the fee (in the specified rate)
39	Adding corrections and clarifications in the application materials for an industrial design at the preliminary examination stage on the initiative of an applicant	20
40	Conducting a substantive examination in respect to:	
	-one variant of an industrial design	80
	- for each variant of an industrial design more than one	+20

A document confirming the payment of the fee shall be submitted together with a request for substantive examination.

In case of failure to provide a document confirming the payment of the prescribed fee with the request, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
41	Extension of respond term on request of the examination, for each month of the extension, but not more than 12 months	30
42	Submission to the Appeals Board of objection:	
	- on the decision to refuse from the patent issuance for an industrial design, adopted as a result of formal or preliminary examination;	75
	-on the decision to refuse from the patent issuance for an industrial design, adopted as a result of substantive examination	150
	- against the issuance of a patent for an industrial design	200
43	Renewal of the legally prescribed term, for each month of delay, but not more than 12 months:	
	- Submission of additional materials, corrected or missing documents on request during the formal examination;	30
	- Submission of additional materials on request during the preliminary or substantive examination;	30
	- Submission to the Appeals Board of objection on the decision to refuse from the issuance of a patent for an industrial design, adopted as a result of formal or preliminary examination or substantive examination of application	30
44	Applying on the cession of the right for acquisition of patent, filed in the period from the date of application to the date of registration of the industrial design	20

A document confirming the payment of the fee for applying on the cession of the right for acquisition of patent shall be submitted together with the application.

In case of failure to provide a document confirming the payment of the prescribed fee with the request, the request is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
45	Registration and issuance of a patent for an industrial design, the publication of information about it, including a list of essential features	50
46	Issuance of the author's certificate of industrial design	20

A document confirming the payment of the fee shall be submitted within two months from the date of receipt by the applicant of the decision to grant a patent.

A document confirming the payment of the fee can be submitted within three months from the date of expiry of the period of two months. In this case, the amount of the fee increased by 50%.

In case of failure to provide in the established order the document confirming the payment of the fee for registration and issuance of a patent, industrial design registration, publication and issuance of a patent are not produced, the relevant application is considered withdrawn.

№	Assignment of fee	The amount of the fee (in the specified rate)
47	Applying for an open license to use the patent for industrial design and publication of information of such a statement	20

A document confirming the payment of the fee for applying for an open license and the publication of information on such declaration shall be submitted together with the application.

In case of failure to provide with the application a document confirming the payment of the prescribed fee, the application for a license is considered not to have been submitted and the publication about open licensing is not produced.

№	Assignment of fee	The amount of the fee (in the specified rate)
48	Issuing duplicate of a patent or certificate of the author on industrial design and publication of this information	20

A document confirming the payment of the fee shall be submitted together with the application for issuance of a duplicate.

In case of failure to provide a document confirming the payment of the prescribed fee, the application is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
49	Familiarization with the application materials after publication of information on the issuance of a patent	50

A document confirming the payment of the fee shall be submitted simultaneously with the application for familiarization.

№	Assignment of fee	The amount of the fee (in the specified rate)
50	Amendments to the State Register and to the granted patent on industrial design concerning the information on granted patent on the initiative of the patent owner and publication of these amendments in accordance with Provision on State registrations on objects of intellectual property in the Kyrgyz Republic approved by the resolution of the Government of the Kyrgyz Republic of February 29, 2012 N 155	30
	Registration of transfer of exclusive right to the industrial design without a contract	100

A document confirming the payment of the fee shall be submitted simultaneously with the request for amendment.

In case of failure to provide with a request a document confirming the payment of the fee, the request is considered not to have been submitted.

	Assignment of fee	The amount of the fee (in the specified rate)
51	Keeping a valid patent for industrial design for each year of action:	
	For third	50
	For fourth	55
	For fifth	65
	For sixth	70
	For seventh	85
	For eighth	105
	For ninth	120
	For tenth	140
	For eleventh	175
	For twelfth	210
	For thirteenth	260
	For fourteenth	280
	For fifteenth	315
52	Keeping a valid patent for industrial design issued under the responsibility of the applicant, for each year of action:	
	For third	35
	For fourth	40
	For fifth	50
	For sixth	55
	For seventh	70
	For eighth	85
	For ninth	100
	For tenth	110
	For eleventh	125
	For twelfth	140
	For thirteenth	175
	For fourteenth	210
	For fifteenth	245

For keeping a valid patent for industrial design, fee is charged from the third year of its validity from the date of filing of the application for industrial design in the authorized state body in the field of intellectual property.

A document confirming the payment of the fee for each subsequent year of the patent for industrial design shall be submitted in the last two months of the current year of validity of that patent.

Section IV. Selection achievements

№	Assignment of fee	The amount of the fee (in the specified rate)
53	Applying for an issuance of a patent for a selection achievement and preliminary examination (not more than one strain or breed)	55
54	Change of the name of selection achievement on the initiative of the applicant	20

A document confirming the payment of the fee shall be submitted together with the application to change of the name.

In case of failure to provide a document together with the specified application confirming the payment of the prescribed fee, the application is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
55	Additions, corrections or refinements in the application materials on the initiative of the applicant at the preliminary examination stage	20

A document confirming the payment of the fee shall be submitted together with the changes.

№	Assignment of fee	The amount of the fee (in the specified rate)
56	Extension of the response to the request preliminary examination, for each month, but not more than six months	10
57	Familiarization with the application materials after publication information about application	50

A document confirming the payment of the fee shall be submitted together with the application for familiarization.

№	Assignment of fee	The amount of the fee (in the specified rate)
58	Examination for compliance with the conditions of patentability	350

If in the application there is a test report, conclusion of examination prepared by the official body of another state (with which the Kyrgyz Republic has appropriate multilateral or bilateral treaties or agreements) that conducted the tests and admitted the selection achievement as a protectable subject matter capable, the amount of this fee is reduced by 80%.

№	Assignment of fee	The amount of the fee (in the specified rate)
59	Submission of objection to the Appeals Board:	
	- on the decision of the examination of the refusal to issue a patent;	50
	- by the interested person in respect of novelty;	50
	- on the recognition of a patent as invalid	100
60	Recovering missed deadlines:	
	- response to a preliminary examination request for submission of corrected and missing materials (for each month overdue);	10
	- response to a preliminary examination request for the need to submit additional materials (for each month overdue);	10
	- filing an objection of the interested person to the Appeal Board during an examination for novelty (for each month overdue);	20
	- filing a complaint to the Appeals Board on the decision of examination on the refusal of issuance a patent;	10
	- filing an objection to the Appeal Board on recognizing the patent as invalid	20

61	Registration of selection achievement in the State Register of protected selection achievements, patent issuance and publication of information about it	50
----	--	----

A document confirming the payment of the fee shall be submitted within two months from the date of receipt of the decision on issuance a patent.

A document confirming the payment of the fee can be submitted within three months from the date of expiry of the two months period. In this case, the duty rate is increased by 50%.

In case of failure to provide during this period a document confirming the payment of the prescribed fee, the registration of the selection achievement and the issuance of patent, as well as the publication of information about it are not made.

№	Assignment of fee	The amount of the fee (in the specified rate)
62	Issuance of the author's certificate of selection achievement	20
63	Issuance of a patent's duplicate or author's certificate and the publication of this information	20

A document confirming the payment of the fee shall be submitted with the application for issuance of a patent's duplicate or a certificate, publication of information about it.

№	Assignment of fee	The amount of the fee (in the specified rate)
64	Submission of request for renewal of the patent's validity for a selection achievement, which was discontinued due to non-payment of the fees for maintaining the patent in force.	25

A document confirming the payment of the fee shall be submitted together with the application for the recovery of the patent and the publication of information about it.

In case of failure to provide a document confirming the payment of the prescribed fee, the application is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
65	Amendments to the State Register and to the granted patent on selective achievement concerning the information on granted patent on the initiative of the patent owner and publication of these amendments in accordance with Provision on State registrations on objects of intellectual property in the Kyrgyz Republic approved by the resolution of the Government of the Kyrgyz Republic of February 29, 2012 N 155	30
	Registration of transfer of exclusive right to the selection achievement without a contract	100

A document confirming the payment of the fee shall be submitted together with the request on amending.

In case of failure to provide together with the petition a document confirming the payment of the fee, the application is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
66	Applying for an issuance or termination of an open license, the publication in the	15

official bulletin

A document confirming the payment of the fee shall be submitted with the application for granting or termination of an open license.

In case of failure to provide a document confirming the payment of the prescribed fee, the application is considered not to have been submitted.

№	Assignment of fee	The amount of the fee (in the specified rate)
67	Registration and publication in the official bulletin of information concerning the issuance of a compulsory license	25

A document confirming the payment of the fee shall be submitted within two months after receiving the decision of the court by the licensee to grant a compulsory license.

In case of failure to provide a document confirming the payment of the prescribed fee, a compulsory license is not registered and information about it is not published.
