CLASSIFICATION OF GOODS

Goods Classified According to Third Schedule or Fourth Schedule

(2) For the purposes of trade mark registrations dated on or after the 11th day of December 1941, and of registrations of registered users thereunder, and for the purposes of any registrations dated before that date the specifications of which have been converted pursuant to these regulations, goods shall be classified in the manner appearing in the Fourth Schedule to these regulations.

Conversion of Specification

11.—

(1) Where the specification of a registered trade mark is founded on the Third Schedule to these regulations, the registered proprietor may apply to the Commissioner in form 1 for the conversion of that specification so that it may be founded on the Fourth Schedule to these regulations, whether with or without

the striking out of goods therefrom, but so that the registration retains its original date and shall include in the application a request for the like conversion of the specification of the goods of any registered users under that registration. Thereupon the Commissioner, in accordance with section 46 (3) of the Act shall notify the registered proprietor in writing of the Commissioner's proposal as to the form which the amendment of the register should take. Two or more registrations of a trade mark in respect of goods falling within the same class of the Fourth Schedule to these regulations and having the same date of registration may be amalgamated upon conversion in accordance with this subclause.

The Commissioner shall forthwith send the duplicate copies to the registered proprietor, who may, within two months from the receipt of the duplicates, send to the Commissioner a counterstatement setting out fully the grounds on which the opposition is contested, and if he does so he shall deliver to the opponent a copy thereof. The Commissioner may thereupon require or admit evidence directed to the questions in issue, and if so desired by either party he shall, before deciding the matter, give the parties an opportunity of being heard.

(3) When a proposal for the conversion of a specification in accordance with subclause (1) of this regulation has been advertised and has not been opposed, and the time for notice of opposition has expired, or having been opposed the opposition has been determined and a conversion allowed, the Commissioner shall make all the entries in the register which are necessary to give effect to the conversion in accordance with the proposal as advertised, or the proposal as amended after opposition or appeal thereon and subsequent publication in the *Journal*, and shall enter in the register the date when the entries were made. All registrations subdivided or amalgamated upon conversion shall have the same expiry date as the registration had before the conversion.

AGENTS

Appointment of Agents

(2) Any registered proprietor or registered user of a trade mark or any person about to be registered as such may give in form 4 an address for service for entry in the register, and that address may be entered by the Commissioner.

(3) No fee shall be payable on or in respect of an entry of address for service made pursuant to this regulation.

(4) In any case in which no address for service is entered in the register, the Commissioner may, subject to the provisions of regulation 12 (2) hereof, treat the trade or business address of the registered proprietor or registered user as therein entered as his address for service for all purposes connected with the registration.

(5) Any written communication addressed to a party or person as aforesaid at an address given by him, or treated by the Commissioner, as his address for service, shall be deemed to be properly addressed.

(6) The Commissioner, if in doubt as to the continued availability of an address for service entered in the register, may request the person for whom it is entered, by written communication addressed to his trade or business address in the register, to confirm the address for service, and if within three months of making such a request the Commissioner receives no confirmation of that address he may strike it off the register.

Specimens of Marks in Exceptional Cases

22.–

(1) Where a drawing or other representation or specimen cannot be given in the manner specified in regulation 20 hereof, a specimen or copy of the trade mark may be sent either of full size or on a reduced scale, and in such form as the Commissioner may think most convenient.

(2) The Commissioner may also, in exceptional cases, require the deposit in the Patent Office of a specimen or copy of any trade mark which cannot conveniently be shown by a representation, and may refer thereto in the register in such manner as he may think fit.

(1) Where a trade mark contains a word or words in characters other than Roman, there shall, unless the Commissioner otherwise directs, be endorsed on the application form a sufficient transliteration and translation to the satisfaction of the Commissioner of each of those words, and every such endorsement shall state the language to which the word belongs and shall be signed by the applicant or his agent.

(2) Where a trade mark contains a word or words in a language other than English, the Commissioner may ask for an exact translation thereof together with the name of the language, and such translation and name, if he so requires, shall be endorsed and signed as aforesaid.

Name or Description of Goods on Trade Mark

25.–

(1) Where the name or description of any goods appears on a trade mark, which name or description may vary in use, the Commissioner may register the mark for those and other goods if the applicant undertakes that the name or description will be varied when the mark is used on goods covered by the specification other than the name or described goods. Any such undertaking shall be entered on the application.

(2) If the applicant does not so undertake, the Commissioner may refuse to register the mark in respect of any goods other than the named or described goods.

PROCEDURE FOLLOWING APPLICATION

Search

26. Upon receipt of an application for the registration of a trade mark in respect of any goods, the Commissioner shall cause a search to be made of the registered marks and the marks at the time included in pending applications, for the purpose of ascertaining whether there are on record in respect of the same goods or description of goods any marks identical with the mark applied for, or so nearly resembling it as to render the mark applied for likely to deceive or cause confusion. The Commissioner may cause the search to be renewed at any time before the acceptance of the application, but shall not be bound to do so.

Acceptance, Absolute or Conditional: Objection

27.–

(1) After the search, and after consideration of the application and of any evidence of use or of distinctiveness and of any other information or matter which the applicant may or may be required to furnish, the Commissioner may accept the application absolutely, or he may object to it, or he may express his willingness to accept it subject to such conditions, amendments, disclaimers, modifications, or limitations (in this regulation referred to as conditions) as he may think fit to impose.

(2) If the Commissioner objects to the application, he shall advise the applicant in writing. The applicant shall, within such period (not being less than one month) as the Commissioner may allow, apply for a hearing or make a considered reply in writing to those objections.

(3) If the Commissioner is willing to accept the application subject to any conditions, he shall advise the applicant in writing. The applicant shall thereupon, within such period (not being less than one month) as the Commissioner may allow, either–

- (a) Agree to the conditions and alter his application accordingly; or
- (b) Object to the conditions or any of them, in which case he shall apply for a hearing or communicate his considered objections in writing.

(4) If the applicant fails to comply with the requirements of this regulation within the time allowed, he shall be deemed to have withdrawn his application.

Decision of Commissioner

28.–

(1) The Commissioner shall inform the applicant in writing of his decision, whether at a hearing, or without a hearing if the applicant has communicated his considered reply or considered objections in writing and has not stated that he desires to be heard. On payment of the prescribed fee the applicant may, within such period (not being less than one month) as the Commissioner may allow, require the Commissioner to state in writing the grounds of and the materials used in arriving at his decision. The date when the statement is sent to the applicant shall be deemed to be the date of the Commissioner's decision for the purpose of appeal.

(2) Where the Commissioner makes any requirements to which the applicant does not object, the applicant shall comply therewith before the Commissioner gives a statement in writing.

DEFENSIVE TRADE MARKS

Defensive Applications

29.–

(1) An application to the Commissioner for the registration of a defensive trade mark under section 36 of the Act shall be in form 6 and shall be accompanied by a statement of case setting out full particulars of the facts upon which the applicant relies in support of his application, verified by a statutory declaration made by the applicant or some other person approved for the purpose by the Commissioner.

(2) The applicant may send with this declaration or subsequently such other evidence as he may desire to furnish, whether after request made by the Commissioner or otherwise, and the Commissioner shall consider the whole of the evidence before deciding on the application. The provisions of these regulations shall, so far as applicable, extend to defensive applications as they extend to applications for the registration of ordinary trade marks.

30.–

(1) An application to the Commissioner for the registration of a certification trade mark under section 47 of the Act shall be made in duplicate in form 7.

(3) The address of an applicant to register a certification trade mark shall be deemed to be a trade or business address for all the purposes for which such an address is required by these regulations.

Statement of Case; Draft Regulations

31. The applicant shall send in duplicate to the Commissioner with his application or when required by the Commissioner a case setting out the grounds on which he relies in support of his application, together with draft regulations for governing the use of the mark. The Commissioner may communicate to the applicant any observations he may think fit on the sufficiency of the case or the suitability of the draft regulations, and the applicant may modify either of those documents.

ADVERTISEMENT OF APPLICATION

Manner of Advertising

32.–

(1) An application for the registration of a trade mark required or permitted to be advertised shall be advertised in the *Journal* during such times and in such manner as the Commissioner may direct. In the case of an application with which the Commissioner proceeds only after the applicant has lodged the written consent to the proposed registration of the registered proprietor of another trade mark or another applicant, the words “By consent” and the number of the previous registration of application for registration shall appear in the advertisement.

(2) If no representation of the trade mark is included in the advertisement of the application, the Commissioner shall refer in the advertisement to the place or places where a specimen or representation of the trade mark is deposited for exhibition.

Printing Block

For the purposes of any such advertisement the applicant may, at the appropriate time, supply or be required to supply a printing block (or, if necessary, more than one) of the trade mark satisfactory to the Commissioner, of such dimensions as may from time to time be approved or directed by the Commissioner, or shall supply such information or other means of advertising the trade mark as may be required by the Commissioner. The Commissioner, if dissatisfied with the printing block supplied by the applicant or his agent, may require a fresh block before proceeding with the advertisement.

Advertisement of a Series

34. When an application relates to a series of trade marks differing from one another in respect of the particulars mentioned in section 30 (2) of the Act, the applicant may be required to supply a printing block (or, if necessary, more than one) satisfactory to the Commissioner of any or of each of the trade marks constituting the series, or the Commissioner may, if he thinks fit, insert with the advertisement of the application a statement of the manner in which the several trade marks differ from one another.

Advertisement Under Section 27 or Section 45

35. Advertisements under section 27 (10) or section 45 of the Act shall, so far as appropriate, be made in the same manner as advertisements relating to an application for registration.

OPPOSITION TO REGISTRATION

Notice of Opposition

36. Any person may within three months from the date of any advertisement in the *Journal* of an application for registration of a trade mark (including a defensive or certification trade mark) give notice to the Commissioner in duplicate in form 8 of opposition to the registration.

Contents of Notice

37.–

(1) The notice shall include a statement of the grounds upon which the opponent objects to the registration. If registration is opposed on the ground that the mark resembles marks already on the register, the numbers of such trade marks and the dates of the *Gazettes* or *Journals* in which they have been advertised shall be set out.

(2) The Commissioner shall forthwith send the duplicate of the notice to the applicant.

Counterstatement

38. Within two months from the date of the receipt of the duplicate the applicant shall send to the Commissioner a counter-statement in duplicate in form 9 setting out the ground on which he relies as supporting his application. The applicant shall also set out what facts, if any, alleged in the notice of opposition he admits. If a counter-statement is not sent within the period allowed, the applicant shall, unless the Commissioner otherwise directs, be deemed to have abandoned his application.

Evidence in Support of Opposition

39.–

(1) Upon receipt of the counterstatement and duplicate, the Commissioner shall forthwith send the duplicate to the opponent; and, within two months from the date of the receipt of the duplicate, the opponent shall leave with the Commissioner such evidence by way of statutory declaration as he may desire to adduce in support of his opposition and shall deliver to the applicant copies thereof.

(2) If the opponent does not intend to leave any evidence he shall within two months from the date of the receipt of the duplicate notify the Commissioner and the applicant accordingly.

(3) If the opponent neither leaves any evidence nor notifies his intention not to leave any evidence, he shall be deemed to have abandoned his opposition.

Evidence in Support of Application

40. Within two months from the date of the receipt of the copies of declarations, or of notice of intention not to leave any evidence, the applicant shall leave with the Commissioner such evidence by way of statutory declaration as he may desire to adduce in support of his application, and shall deliver to the opponent copies thereof.

Evidence in Reply

41. Within one month from the date of the receipt by the opponent of the copies of the applicant's declarations the opponent may leave with the Commissioner evidence by statutory declaration in reply, and shall deliver to the applicant copies thereof. This evidence shall be confined to matters strictly in reply.

Further Evidence

42. No further evidence shall be left on either side, but in any proceedings before the Commissioner he may at any time, if he thinks fit, give leave to either the applicant or the opponent to leave any evidence upon such terms, as to costs or otherwise as he may think fit.

Exhibits

43. Where there are exhibits to declarations filed in an opposition, copies or impressions of the exhibits shall be sent to the other party on his request and at his expense, or, if such copies or impressions cannot conveniently be furnished, the originals shall be left with the Commissioner in order that they may be open to inspection. The original exhibits shall be produced at the hearing unless the Commissioner otherwise directs.

Hearing

44.–

(1) On completion of the evidence (if any), the Commissioner shall appoint a time for the hearing of the case, and shall give the parties not less than fourteen days' notice of the appointment. If any party desires to be heard he shall notify the Commissioner and pay the prescribed fee, and the Commissioner may refuse to hear any party who has not complied with this regulation before the time of the hearing.

(2) Except as provided in subclause (3) of this regulation, every hearing shall be at Wellington.

(3) One or more of the parties may, not later than fourteen days before the date appointed for the hearing, apply to the Commissioner to conduct the hearing at some other place in New Zealand. The Commissioner may in his discretion, on payment by the party making the application of such sum to cover expenses and subject to such conditions as to notice and costs as the Commissioner thinks fit, conduct the hearing at the place named in the application.

(4) Where an application under subclause (2) of this regulation is not made by all the parties to the proceedings, the Commissioner shall not decide the application without giving the parties an opportunity to be heard.

Extension of Time

45. Where in opposition proceedings any extension of time is granted to any party, the Commissioner may thereafter, if he thinks fit, without giving the party a hearing, grant any reasonable extension of time to any other party in which to take any subsequent step.

Costs in Uncontested Case

46. In the event of an opposition being uncontested by the applicant, the Commissioner, in deciding whether costs should be awarded to the opponent, shall consider whether proceedings might have been avoided if reasonable notice had been given by the opponent to the applicant before the notice of opposition was lodged.

FAILURE TO PROCEED TO REGISTRATION

Non-completion

47.–

(1) In any case where by reason of default on the part of the applicant a trade mark is not registered within six months from the date of its advertisement or, if advertised before acceptance under the proviso to section 27 (1) of the Act, from the date of acceptance, the Commissioner may send a notice of non-completion in form 10 to the applicant at his trade or business address, or his address for service, and to any agent appointed by the applicant:

Provided that in no case shall the Commissioner send a notice of non-completion until the expiration of twelve months from the date of the application for registration.

- (b) Whether the assignment was made otherwise than in connection with the goodwill of that business.

(2) If both these circumstances subsisted, the applicant shall leave with the Commissioner either a copy of the Commissioner's directions obtained under regulation 66 hereof or an application for directions. The provisions of regulation 66 hereof shall apply to an application for directions left with an application to register title.
