Section 1. Codification of all Tariff and Customs Laws. — All tariff and customs laws embodied in the present Tariff and Customs Code and various laws, presidential decrees and executive orders including new amendments thereto made in this Decree, are hereby consolidated into a single Code to be known as the Tariff and Customs Code of 1978 which shall form an integral part of this Decree.

Sec. 103. General Rules for the Interpretation of the Harmonized System. — Classification of goods in the Nomenclature shall be governed by the following principles:

1. The titles of Sections, Chapters and Sub-Chapters are provided for ease of reference only; for legal purposes, classifications shall be determined according to the terms of the headings and any relative Section or Chapter Notes and, provided such headings or Notes do not otherwise require, according to the following provisions.

2. (a) Any reference in a heading to an article shall be taken to include a reference to that article incomplete or unfinished, provided that, as presented, the incomplete or unfinished article has the essential character of the complete or finished article. It shall also be taken to include a reference to that article complete or finished (or falling to be classified as complete or finished by virtue of this Rule), presented unassembled or disassembled.

(b) Any reference in a heading to a material or substance shall be taken to include a reference to mixtures or combinations of that material or substance with other materials or substances. Any reference to goods of a given material or substance shall be taken to include a reference to goods consisting wholly or partly of such material or substance. The classification of goods consisting of more than one material or substance shall be according to the principles of Rule 3.

3. When by application of Rule 2 (b) or for any other reason, goods are, prima facie, classifiable under two or more headings, classification shall be effected as follows:

(a) The heading which provides the most specific description shall be preferred to headings providing a more general description. However, when two or more headings each refer to part only of the materials or substances contained in mixed or composite goods or to part only of the items in a set put for retail sale, those headings are to be regarded as equally specific in relation to those goods, even if one of them gives a more complete or precise description of the goods.

(b) Mixtures, composite goods consisting of different materials or made up of different components, and goods put up in sets for retail sale, which cannot be classified by reference to 3(a), shall be classified as if they consisted of the material or component which gives them their essential character insofar as this criterion is applicable.

(c) When goods cannot be classified by reference to 3 (a) or 3 (b), they shall be classified under the heading which occurs last in numerical order among those which equally merit consideration.

4. Goods which cannot be classified in accordance with the above Rules shall be classified under the heading appropriate to the goods to which they are most akin.

5. In addition to the foregoing provisions, the following Rules shall apply in respect to the goods referred to therein:

(a) Camera cases, musical instrument cases, gun cases, drawing instrument cases, necklace cases and similar containers, specifically shaped or fitted to contain a specific article or set of

articles, suitable for long-term use and presented with the articles for which they are intended, shall be classified with such articles when of a kind normally sold therewith. The Rule does not, however, apply to containers which give the whole its essential character;

(b) Subject to the provisions of Rule 5(a) above, packing materials and packing containers presented with the goods therein shall be classified with the goods if they are of a kind normally used for packing such goods. However, this provision does not apply when such packing materials or packing containers are clearly suitable for repetitive use.

6. For legal purposes, the classification of goods in the subheadings of a heading shall be determined according to the terms of those subheadings and any related Subheading Notes and, mutatis mutandis, to the above Rules, on the understanding that only subheadings at the same level are comparable. For the purposes of the Rule the relative Section and Chapter Notes also apply, unless the context otherwise requires.

When the dutiable value of the article cannot be ascertained in accordance with the preceding paragraphs or where there exists a reasonable doubt as to the cost (fair market value) of the imported article declared in the entry, the correct dutiable value of the article shall be ascertained by the Commissioner Of Customs from the reports of the Revenue or Commercial Attache (Foreign Trade Promotion Attache), pursuant to Republic Act Numbered Fifty-four Hundred and Sixty-six or other Philippine diplomatic officers or Customs Attaches and from such other information that may be available to the Bureau of Customs. Such values shall be published by the Commissioner of Customs from time to time.

Sec. 205. Entry, or Withdrawal from Warehouse, for Consumption. — Imported articles shall be deemed "entered" in the Philippines for consumption when the specified entry form is properly filed and accepted, together with any related documents required by the provisions of this Code and/or regulations to be filed with such form at the time of entry, at the port or station by the customs official designated to receive such entry papers and any duties, taxes, fees and/or other lawful charges required to be paid at the time of making such entry have been paid or secured to be paid with the customs official designated to receive such monies, provided that the article has previously arrived within the limits of the port of entry.

PART 2 SPECIAL DUTIES

Sec. 301. Dumping Duty. —

a. Whenever the Secretary of Finance (hereinafter called the "Secretary") has reason to believe, from invoices or other documents or newspapers, magazines or information made available by any government agency or interested party, that a specific kind or class of foreign article, is being imported into, or sold or is likely to be sold in the Philippines, at a price less than its fair value, the importation and sale of which might injure, or retard the establishment of, or is likely to injure, an industry producing like goods in the Philippines, he shall so advise the Tariff Commission (hereinafter called the "Commission"), and shall instruct the Collector of Customs to require an anti-dumping bond of twice the dutiable value of the imported article coming from the specific country.

b. The Commission, upon receipt of the advice from the Secretary shall conduct an investigation to:

1. Verify if the kind or class of article in question is being imported into, or sold or is likely to be sold in the Philippines at a price less than its fair value;

The fair value of an article shall be its home consumption price, excluding internal excise tax. If the fair value of an article cannot be determined, the following rules shall apply:

i. If the home consumption price is unreliable because of association or a compensatory arrangement between the exporter and the importer or a third party, or if the quality of like to similar articles sold by the producers for home consumption is negligible in relation to the quality sold for exportation to countries other than the Philippines as to be an inadequate basis for comparison, then the fair value of the articles shall be based from the export price of like articles sold to countries other than the Philippines, or

ii. If the country of export is a state-controlled economy, then the fair value of like articles shall be the home consumption price of like articles in a proxy country at the same stage of economic development which is a proven or established competitive producer of the article under consideration.

iii. In the case where products are not imported directly from the country of origin but are exported to the country of importation from an intermediate country, the fair value shall be the home consumption in the country of origin or the country of export whichever is higher.

iv. If the fair value of such or like articles cannot be determined in accordance with the preceding paragraphs then, the fair value of the article under consideration shall be its cost of production as determined or calculated from reasonably available data.

2. Determine if, as a result thereof, an industry producing like goods in the Philippines, is being injured or is likely to be injured or is retarded from being established by reason of the importation or sale of that kind or class of article into the Philippines: Provided, That a finding that an article is being imported into the Philippines at a price less than its fair market

value shall be deemed prima facie proof of injury, or retarding the establishment of an industry producing like goods in the Philippines: And provided, further, That in determining whether the domestic industry has suffered is being threatened with injury, the Commission shall determine whether the wholesale prices at which the domestic products are sold are reasonable, taking into account the cost of raw materials, labor, overhead, a fair return on investment and the overall efficiency of the industry; and

3. Ascertain the difference, if any, between the purchase price and the fair market value of the article. The Commission shall submit its findings to the Secretary within sixty (60) days after the submission of the memoranda of the parties which shall not be later than fifteen (15) days after the termination of the public hearing.

c. The Secretary shall, within sixty (60) days after receipt of the report of the Commission, decide whether the article in question is being imported in violation of this section and shall give due notice of such decision and shall direct the Commissioner of Customs to cause the dumping duty, to be levied, collected and paid, as prescribed in this section, in addition to any other duties, taxes and charges as prescribed in this section, addition to any other duties, taxes and charges imposed by law on such article, and on the articles of the same specific kind or class subsequently imported under similar circumstances coming from the specific country.

d. The "Dumping Duty" as provided for in sub-section "c" hereof shall be equal to the difference between the actual purchase price and the fair value of the article as determined in the dumping decision. All importations of like articles within sixty (60)days immediately preceding the filing of the protest are covered by the investigation. However, in cases of subsequent importations of the same kind or class of article from the specific country named in the protest, the dumping duty shall be equal to the difference between the actual purchase price and the fair value actually existing at the time of importation as determined by the Tariff Commission from the supporting documents submitted or from other reliable sources.

e. Pending investigation and final decision of the case, the article in question, and articles of the same specific kind or class subsequently imported under similar circumstances, shall be released to the owner, importer, consignee or agent upon the giving of a bond in an amount equal to twice the estimated dutiable value thereof.

f. Any aggrieved party may appeal only the amount of the dumping duty to the Court of Tax Appeals in the same manner and within the same period provided for by law in the case of appeal from decision of the Commissioner of Customs.

g. (1) The article, if it has not been previously released under bond as provided for in subsection "e" hereof, shall be released after payment by the party concerned of the corresponding dumping duty in addition to any ordinary duties, taxes, and charges, if any, or re-exported by the owner, importer, consignee or agent, at his option and expense, upon the filing of a bond in an amount equal to twice the estimated dutiable value of the article, conditioned upon presentation of landing certificate issued by a consular officer of the Philippines at the country of destination; or

(2) If the article has been previously released under bond, as provided in subsection "e" hereof, the party concerned shall be required to pay the corresponding dumping duty in addition to any ordinary duties, taxes and charges, if any.

h. Any investigation to be conducted by the Commission under this section shall include a public hearing or hearings where the importer, consignee or agent, of the imported article, the local producers of a like article, other parties directly affected, and such other parties as in the

judgment of the Commission are entitled to appear, shall be given an opportunity to be heard and to present evidence bearing on the subject matter.

i. The established dumping duty shall be subject to adjustment based on the prevailing home consumption price or the exporter's sales price to third country or the home consumption price of a proxy country or in the absence thereof, the cost of production. The Commission shall conduct quarterly examination and/or verification of the fair value to determine the necessity of adjustment. Should the Secretary, upon receipt of the report of the Commission, find that there is a need for an adjustment he shall direct the commissioner of Customs to effect the necessary adjustment in dumping duty.

The Philippines Finance Attache or, in the absence thereof, the Commercial Attache or, in the absence thereof, the diplomatic officer and/or consular officer abroad shall be advised by the Secretary of any article covered by dumping decision. The concerned Attache or the Officer shall submit quarterly report on home consumption prices, or in the absence thereof, the cost of production, of said articles to the Secretary and the Commission, thru the department head.

j. Whenever the Commission, on its own motion or upon the application of any interested party, finds that any of the conditions which necessitated the imposition of the dumping duty has ceased to exist, it shall submit the necessary recommendation to the Secretary for the discontinuance or modification of such dumping duty. Any decision or order made under this section by the Secretary shall be published in the Official Gazette and/or in a newspaper of general circulation.

k. Any dumping decision promulgated by the Secretary shall be effective for a period of five years from the time of its promulgation except upon the representation of the interested party of the necessity to continue the implementation of said decision, in which case the Secretary shall advise the Commission to conduct an investigation to determine whether the conditions in paragraphs b-1 and b-2 still exist. The action for extension shall be brought before the Secretary at least six (6) months before the expiration of the period.

The findings of the Commission shall be submitted to the Secretary at least three (3) months before the expiration of the period.

[All industries protected by any dumping decision for five years or more from the time of its promulgation may apply for extension to the Secretary within six (6) months from effectivity of this Decree. The decision shall be deemed terminated upon failure to file the application within the period so provided.]

l. The Secretary and the Commission shall promulgate all rules and regulations necessary to carry out their respective functions under this Section.

Sec. 302. Countervailing Duty. —

a. Whenever any article is directly or indirectly granted any bounty, subsidy or subvention upon its production, manufacture or exportation in the country of origin and/or exportation, and the importation of which has been determined by the Secretary, after investigation and report of the Commission, as likely to injure an established industry, or prevent or considerably retard the establishment of an industry in the Philippines, there shall be levied a countervailing duty equal to the ascertained or estimated amount of such bounty, subsidy or subvention: Provided, That the injury criterion to a domestic industry shall be applied only in case of imports from countries which adhere to the GATT Code on Subsidies and Countervailing Duties; Provided further, That the exemption of any exported article from duty

or tax imposed on like articles when destined for consumption in the country of origin and/or exportation or the refunding of such duty or tax, shall not be deemed to constitute a grant of a bounty, subsidy or subvention within the meaning of this subsection: Provided, furthermore, That should an article be allowed drawback by the country of origin and/or exportation, only the ascertained or estimated excess of the amount of the drawback over the total amount of the duties and/or internal taxes, if any, shall constitute a bounty, subsidy or subvention: Provided, finally, That petitions for imposition of countervailing duty shall be filed with the Secretary of Finance. Upon finding of a prima facie case of bounty, subsidy or subvention enjoyed by the imported article and injury to, or likelihood of injury to a domestic industry, the Secretary shall refer the case to the Tariff Commission for investigation for investigation and shall instruct the Commissioner of Customs to require the filing of countervailing bonds for importations entered during the pendency of countervailing proceedings;

b. The Secretary shall, after receipt of the reports of the Commission, decide whether the article in question is granted any bounty, subsidy or subvention and if so, fix the countervailing duty equal to the ascertained or estimated bounty, subsidy or subvention. He shall give due notice of his decision and shall direct the Commissioner of Customs to cause the countervailing duty to be levied, collected and paid in addition to any ordinary duties, taxes and charges imposed by law on such articles and on articles of the same specific kind or class subsequently imported under similar circumstances;

c. Pending investigation and final decision of the case, the article in question shall not be released from customs custody to the owner except upon the filing of a bond equal to the ascertained or estimated amount of bounty, subsidy or subvention as provisionally determined by the Secretary of Finance;

d. The article, if not previously released under bond as provided for in this section, shall be released after payment by the party concerned of the corresponding countervailing duty in addition to any ordinary duties, taxes and charges, if any, or re-exported upon the filing of a bond in an amount twice the estimated dutiable value of the article, conditioned upon the presentation of a landing certificate issued by a consular officer of the Philippines at the country of destination. If the article has been previously released under bond, the party concerned shall be required to pay the corresponding countervailing duty in addition to ordinary duties, taxes and other charges, if any;

e. Whenever the Commission, on its motion or upon application of any interested party, finds that the condition which necessitated the imposition of the countervailing duty has ceased to exist, it shall submit the necessary recommendations to the Secretary for the discontinuance of the imposition of that duty. Any order made under this section by the Secretary shall be published in the Official Gazette and/or in a newspaper of general circulation;

f. Any countervailing decision promulgated by the Secretary shall be effective for a period of five (5) years from the time of its promulgation except upon the representation of the interested party of the necessity to continue the implementation of said decision, in which case the Secretary shall advise the Commission to conduct an investigation to determine whether the conditions in paragraph "a" still exist. The action for extension shall be brought before the Secretary at least six (6) months before the expiration of the period. The findings of the Commission shall be submitted to the Secretary at least three (3) months before the expiration of the period.

g. The Secretary and the Commission shall promulgate all rules and regulations necessary to carry out their respective functions under this section.

Sec. 303. Marking of Imported Articles and Containers. —

a. Marking of Articles. — Except as hereinafter provided, every article of foreign origin (or its container, as provided in subsection "b" hereof) imported into the Philippines shall be marked in any official language of the Philippines and in a conspicuous place as legibly, indelibly and permanently as the nature of the article (or container) will permit in such manner as to indicate to an ultimate purchaser in the Philippines the name of the country of origin of the article. The Commissioner of Customs shall, with the approval of the department head, issue rules and regulations to —

1. Determine the character of words and phrases or abbreviation thereof which shall be acceptable as indicating the country of origin and prescribe any reasonable method of marking, whether by printing, stenciling, stamping, branding, labelling or by any other reasonable method, and a conspicuous place on the article or container where the marking shall appear.

2. Require the addition of any other words or symbols which may be appropriate to prevent deception or mistake as to the origin of the article or as to the origin of any other article with which such imported article is usually combined subsequent to importation but before delivery to an ultimate purchaser; and

3. Authorize the exception of any article from the requirements of marking if -

a. Such article is incapable of being marked;

b. Such article cannot be marked prior to shipment to the Philippines without injury;

c. Such article cannot be marked prior to shipment to the Philippines, except at an expense economically prohibitive of its importation;

d. The marking of a container of such article will reasonably indicate the origin of such article;

e. Such article is a crude substance;

f. Such article is imported for use by the importer and not intended for sale in its imported or any other form;

g. Such article is to be processed in the Philippines by the importer or for his account otherwise than for the purpose of concealing the origin of such article and in such manner that any mark contemplated by this section would necessarily be obliterated, destroyed or permanently concealed;

h. An ultimate purchaser, by reason of the character of such article or by reason of the circumstances of its importation must necessarily know the country of origin of such article even though it is not marked to indicate its origin;

i. Such article was produced more than twenty years prior to its importation into the Philippines; or

j. Such article cannot be marked after importation except at an expense which is economically prohibitive, and the failure to mark the article before importation was not due to any purpose of the importer, producer, seller or shipper to avoid compliance with this section.

b. Marking of Containers. — Whenever an article is excepted under subdivision (3) of subsection "a" of this section from the requirements of marking, the immediate container, if any, of such article, or such other container or containers of such article as may be prescribed by the Commissioner of Customs with the approval of the department head, shall be marked in such manner as to indicate to an ultimate purchaser in the Philippines the name of the

c. Marking Duty for Failure to Mark. — If at the time of importation any article (or its container, as provided in subsection "b" hereof), is not marked in accordance with the requirements of this section, there shall be levied, collected and paid upon such article a marking duty of 5 per cent ad valorem, which shall be deemed to have accrued at the time of importation, except when such article is exported or destroyed under customs supervision and prior to the final liquidation of the corresponding entry.

d. Delivery Withheld Until Marked. — No imported article held in customs custody for inspection, examination or appraisal shall be delivered until such article and/or its containers, whether released or not from customs custody, shall have been marked in accordance with the requirements of this section and until the amount of duty estimated to be payable under subsection "c" of this section shall have been deposited. Nothing in this section shall be construed as excepting any article or its container from the particular requirements of marking provided for in any provision of law.

e. The failure or refusal of the owner or importer to mark the articles as herein required within a period of thirty days after due notice shall constitute as an act of abandonment of said articles and their disposition shall be governed by the provisions of this Code relative to abandonment of imported articles.

Sec. 304. Discrimination by Foreign Countries. —

a. The President, when he finds that the public interest will be served thereby, shall by proclamation specify and declare new or additional duties in an amount not exceeding one hundred (100) per cent ad valorem upon articles wholly or in part the growth or product of, or imported in a vessel of, any foreign country whenever he shall find as a fact that such country

1. Imposes, directly or indirectly, upon the disposition or transportation in transit through or re-exportation from such country of any article wholly or in part the growth or product of the Philippines, any unreasonable charge, exaction, regulation or limitation which is not equally enforced upon the like articles of every foreign country; or

2. Discriminates in fact against the commerce of the Philippines, directly or indirectly, by law or administrative regulation or practice, by or in respect to any customs, tonnage, or port duty, fee, charge, exaction, classification, regulation, condition, restriction or prohibition, in such manner as to place the commerce of the Philippines at a disadvantage compared with the commerce of any foreign country.

b. If at any time the President shall find it to be a fact that any foreign country has not only discriminated against the commerce of the Philippines, as aforesaid, but has, after the issuance of a proclamation as authorized in subsection "a" of this section, maintained or increased its said discrimination against the commerce of the Philippines, the President is hereby authorized, if he deems it consistent with the interests of the Philippines, to issue a further proclamation directing that such product of said country or such article imported in its vessels as he shall deem consistent with the public interests, shall be excluded from importation into the Philippines.

c. Any proclamation issued by the President under this section shall, if he deems it consistent with the interest of the Philippines, extend to the whole of any foreign country or may be

confined to any subdivision or subdivisions thereof; and the President shall, whenever he deems the public interests require, suspend, revoke, supplement or amend any such proclamation.

d. All articles imported contrary to the provisions of this section shall be forfeited to the Government of the Philippines and shall be liable to be seized, prosecuted and condemned in like manner and under the same regulations, restrictions and provisions as may from time to time be established for the recovery, collection, distribution and remission or forfeiture to the government by the tariff and customs laws. Whenever the provision of this section shall be applicable to importations into the Philippines of articles wholly or in part the growth or product of any foreign country, they shall be applicable thereto, whether such articles are imported directly or indirectly.

e. It shall be the duty of the Commission to ascertain and at all times to be informed whether any of the discrimination against the commerce of the Philippines enumerated in subsections "a" and "b" of this section are practiced by any country; and if and when such discriminatory acts are disclosed, it shall be the duty of the Commission to bring the matter to the attention of the President, together with recommendations.

f. The Secretary of finance shall make such rules and regulations as are necessary for the execution of such proclamation as the President may issue in accordance with the provisions of this section.

In the interest of national economy, general welfare and/or national security, and subject to the limitations herein prescribed, the President, upon recommendation of the National Economic and Development Authority (hereinafter referred to as NEDA), is hereby empowered: (1) to increase, reduce or remove existing protective rates of import duty (including any necessary change in classification). The existing rates may be increased or decreased to any level, in one or several stages but in no case shall the increased rate of import duty be higher than a maximum of one hundred (100) per cent ad valorem; (2) to establish import quota or to ban imports of any commodity, as may be necessary; and (3) to impose an additional duty on all imports not exceeding ten (10%) per cent ad valorem whenever necessary; Provided, That upon periodic investigations by the Tariff Commission and recommendation of the NEDA, the President may cause a gradual reduction of protection levels granted in Section One Hundred and Four of this Code, including those subsequently granted pursuant to this section.

b. Before any recommendation is submitted to the President by the NEDA pursuant to the provisions of this section, except in the imposition of an additional duty not exceeding ten (10) per cent ad valorem, the Commission shall conduct an investigation in the course of which they shall hold public hearings wherein interested parties shall be afforded reasonable opportunity to be present, produce evidence and to be heard. The Commission shall also hear the views and recommendations of any government office, agency or instrumentality concerned. The Commission shall submit their findings and recommendations to the NEDA within thirty (30) days after the termination of the public hearings.

c. The power of the President to increase or decrease rates of import duty within the limits fixed in subsection "a" shall include the authority to modify the form of duty. In modifying the form of duty, the corresponding ad valorem or specific equivalents of the duty with

respect to imports from the principal competing foreign country for the most recent representative period shall be used as bases.

d. The Commissioner of Customs shall regularly furnish the Commission a copy of all customs import entries as filed in the Bureau of Customs. The Commission or its duly authorized representatives shall have access to, and the right to copy all liquidated customs import entries and other documents appended thereto as finally filed in the Commission on Audit.

e. The NEDA shall promulgate rules and regulations necessary to carry out the provisions of this section.

f. Any Order issued by the President pursuant to the provisions of this section shall take effect thirty (3) days after promulgation, except in the imposition of additional duty not exceeding ten (10) per cent ad valorem which shall take effect at the discretion of the President.

Sec. 402. Promotion of Foreign Trade. —

a. For the purpose of expanding foreign markets for Philippine products as a means of assistance in the economic development of the country, in overcoming domestic unemployment, in increasing the purchasing power of the Philippine peso, and in establishing and maintaining better relations between the Philippines and other countries, the President, is authorized from time to time:

(1) To enter into trade agreements with foreign governments or instrumentalities thereof; and

(2) To modify import duties (including any necessary change in classification) and other import restrictions, as are required or appropriate to carry out and promote foreign trade with other countries: Provided, however, That in modifying import duties or fixing import quota the requirements prescribed in subsection "a" of Section 401 shall be observed: Provided, further, That any modification of import duties and any fixing of import quotas made pursuant to this agreement on ASEAN Preferential Trading Arrangements ratified on August 1, 1977 shall not be subject to the limitations of aforesaid section "a" of Section 401.

b. The duties and other import restrictions as modified in subsection "a" above, shall apply to articles which are the growth, produce or manufacture of the specific country, whether imported directly or indirectly, with which the Philippines has entered into a trade agreement: Provided, That the President may suspend the application of any concession to articles which are the growth, produce or manufacture of such country because of acts (including the operations of international cartels) or policies which in his opinion tend to defeat the purposes set in this section; and the duties and other import restrictions as negotiated shall be in force and effect from and after such time as specified in the Order.

c. Nothing in this section shall be construed to give any authority to cancel or reduce in any manner any of the indebtedness of any foreign country to the Philippines or any claim of the Philippines against any foreign country.

d. Before any trade agreement is concluded with any foreign government or instrumentality thereof, reasonable public notice of the intention to negotiate an agreement with such government or instrumentality shall be given in order that any interested person may have an opportunity to present his views to the Commission which shall seek information and advice from the Department of Agriculture, Department of Natural Resources, Department of Trade and Industry, Department of Tourism, the Central Bank of the Philippines, the Department of Foreign Affairs, the Board of Investments and from such other sources as it may deem appropriate.

e. (1) In advising the President, as a result of the trade agreement entered into, the Commission shall determine whether the domestic industry has suffered or is being threatened

with injury and whether the wholesale prices at which the domestic products are sold are reasonable, taking into account the cost of raw materials, labor, overhead, a fair return on investment, and the overall efficiency of the industry.

(2) The NEDA shall evaluate the report of the Commission and submit recommendations to the President.

(3) Upon receipt of the report of the findings and recommendations of the NEDA, the President may prescribe such adjustments in the rates of import duties, withdraw, modify or suspend, in whole or in part, or institute such other import restrictions as the NEDA recommends to be necessary in order to fully protect domestic industry and the consumers, subject to the condition that the wholesale prices of the domestic products concerned shall be reduced to, or maintained at, the level recommended by the NEDA unless for good cause shown, an increase thereof, as recommended by NEDA, is authorized by the President. Should increases be made without such authority, the NEDA shall immediately notify the President, who shall allow the importation of competing products in such quantities as to protect the public from the unauthorized increase in wholesale prices.

f. This section shall not prevent the effectivity of any executive agreement or any future preferential trade agreement with any foreign country.
