INDUSTRIAL PROPERTY REGULATIONS

Made under section 44 of the Industrial property Act ¹

Commencement [8 October 1998]

1 Citation and Commencement

These Regulations may be cited as the Industrial Property Regulations and shall come into operation on a date to be appointed by the Minister by notice in the Gazette.

2 Fees First Schedule

There shall be payable fees in respect of the matters specified in the First Schedule.

3 Forms Second Schedule

- (1) The forms set out in the Second Schedule shall be applied as shown in column 3 of the First Schedule.
- (2) Copies of the printed forms shall be furnished by the Registrar on payment of the prescribed fee.

4 Language of documents and translations

Application under the Act and these regulations shall be in the English language and any document forming part of an application or submitted to the Registrar pursuant

to the Act or to these regulations which is in a language other than English shall be accompanied by a certified English translation.

5 Indication of names, address, nationality and residence

- (1) Names of natural persons shall be indicated by the person's family name and given name, the family name being indicated before the given name, the names of legal entities shall be indicated by their full official designations.
- (2) Address shall be indicated in such a way as to satisfy the customary requirements for prompt postal delivery at the indicated address and, in any case, shall consist of all the relevant administrative units, including the house number, if any, address shall also indicate telegraphic and telex addresses, if any, and telephone and facsimile numbers.
- (3) Nationality shall be indicated by the name of the State of which a person is a national, legal entities shall indicate the name of the State under whose laws they are constituted in which their registered office is situated.
- (4) Residence shall be indicated by the name of the State of which a person is a resident.

6 Signature by partnerships, Companies and associations

- (1) A document purporting to be signed for or on behalf of a partnership shall contain the names of all the partners in full and shall be signed by all the partners or by any partner qualified to sign on behalf of the partnership stating that he does so sign or by any other person who satisfies the Registrar that he is authorized to sign the document.
- (2) A document purporting to be signed for or on behalf of a body corporate shall be signed by a director or by the secretary or other principal officer of the body corporate, or by any other person who satisfies the Registrar that he is authorized to sign the document and shall bear the seal of the body corporate.
- (3) A document purporting to be signed for or on behalf of an association of persons may be signed by any person who satisfies the Registrar that he is duly authorized.
- (4) The Registrar may request evidence of authorization to sign.

7 Representation by agent

The power of attorney appointing an agent may be filed together with the application or within two months from its filing date, if the appointment is not thus made and is

not made in respect of an agent as defined in section 2 and in accordance with regulation 56, procedural steps taken by the agent, other than the filing of the application, shall be deemed not to have been taken.

PART II – PATENTS

8 Classification of Patents

The Registrar shall apply the International Patent Classification, as adopted under the Strasbourg Agreement of March 24, 1971, as last revised for all purposes relating to the grant and publication of patents, as well as for the maintenance of classified search files.

9 Request for grant of patent

- (1) The request for the grant of a patent shall be made on Form 1 of the Second Schedule and shall be signed by each applicant.
- (2) The title of the invention shall be short, preferably not exceeding seven words.
- (3) Where the applicant is the inventor, the request shall contain a statement to that effect and, where he is not, it shall indicate the inventor's name and address and be accompanied by the statement justifying the applicant's right to the patent.
- (4) If the applicant is represented by an agent, the request shall so indicate and state the agent's name and address.
- (5) The request shall indicate the applicant's name, address, nationality and residence.

10 Description

- (1) The description shall first state the title of the invention as appearing in the request and shall:
 - (a) Specify the technical field to which the invention relates;
 - (b) Indicate the background art which, as far as is known to the applicant, can be regarded as useful for the understanding, searching and examination of the invention, and preferably, cite the documents reflecting such art;

- (c) Disclose the invention in such terms that it can be understood and state its advantageous effects if any, with reference to the background art;
 - (d) Briefly describe the figures in the drawings, if any;
 - (e) Set forth at least one mode contemplated by the applicant for carrying out the invention, this shall be done in terms of examples, where appropriate, and with reference to the drawings if any;
 - (f) Indicate explicitly the way in which the invention, is industrially applicable and the way in which it can be made and used, or, if it can only be used, the way in which it can be used.
- (2) The manner and order specified in sub-regulation (1) shall be followed except when, because of the nature of the invention, a different manner or a different order would result in a better understanding and more concise presentation.

11 Claims

- (1) The number of the claims shall be reasonable taking into account the nature of the invention if there are several claims, they shall be numbered consecutively in Arabic numerals.
- (2) The claims shall define the invention in terms of the technical features of the invention.
- (3) Whenever appropriate, claims shall contain:
 - (a) a statement indicating those technical features of the invention which are necessary for the definition of the invention but which, in combination, are part of the prior art;
 - (b) characterizing portion preceded by the words “characterized in that”, “characterized by”, “wherein the improvement comprises”, or any other words to the same effect, stating concisely the technical feature which, in combination with the features stated under paragraph (a), it is desired to protect.
- (4) Claims shall not, except where absolutely necessary, rely, in respect of the technical features of the invention, on references to the description or drawings such as, “as described in part of the description”, or “as illustrated in figure of the drawings”.
- (5) Where the application contains drawings, the technical features mentioned in the claims may be followed by the reference signs relating to such features, when used, the reference signs may be placed between parentheses. If inclusion of reference signs does not facilitate quicker understanding of a claim, it shall not be made.

- (6) Any claim submitted after the filing date of the application and which is not identified with the claims previously appearing in the application may be submitted either as an amended claim or as a new claim;
- (7) The deletion of any claims previously appearing in the application shall be made by indicating the number of the previous claim followed by the word “cancelled”.

12 Drawings

Flow sheets and diagrams are considered to be drawings.

13 Abstract

- (1) The abstract shall be so drafted that it can efficiently serve as a scanning tool for purposes of searching in the particular art.
- (2) The abstract shall consist of the following:
 - (a) A summary of the disclosure as contained in the technical field to which the invention pertains and drafted in a way which allows the clear understanding of the technical problem, the essence of the solution of that problem through the invention and the principal use or uses of the invention, and
 - (b) Where applicable, the chemical formulae which, among all the formula contained in the application, best characterizes the invention.
- (3) The abstract shall be as concise as the disclosure permits, preferably 50 to 150 words.
- (4) The abstract shall not contain statements on the alleged merits or value of the invention or on its speculative application.
- (5) Each main technical feature mentioned in the abstract and illustrated by a drawing in the application may be followed by a reference sign, placed between parentheses.
- (6) The abstract shall be accompanied by the most illustrative of any drawings furnished by the applicant.

14 Measures terminology and signs

- (1) Units of weights and measures shall be expressed in the metric system.
- (2) Temperatures shall be expressed in degrees centigrade (Celsius).

- (3) Units of Density shall be expressed in the metric system.
- (4) Rules in general use shall be observed for indications of heat, energy, light, sound and magnetism, as well as for mathematical formulae and electrical units.
- (5) The symbols, atomic weights and molecular formulae in general use shall be employed for chemical formulae.
- (6) Only such technical terms, signs and symbols shall be used as are generally accepted in the art.
- (7) The terminology and the signs shall be consistent throughout the application.

15 Number of copies and physical requirements

- (1) Subject to regulation 19(7), the application and any accompanying statements or documents shall be filed in three copies, but the Registrar may require the applicant to supply additional copies.
- (2) All elements of the application shall be so presented as to allow direct reproduction by photography, electrostatic processes, photo off-set and microfilming.
- (3) Only one side of each sheet contained in the application shall be used.
- (4) All elements of the application shall be on paper which is flexible, strong, which, smooth, non-shiny and durable.
- (5) The size of the sheets shall be A4 (29.7cm x 21 cm) but the Registrar may accept sheets of other sizes.
- (6) The minimum margins of sheets shall be as follows:
 - (a) upper margin of the first page 30mm;
 - (b) upper margin of each page, except the first 20mm;
 - (c) side margin adjacent to the binding 25 mm;
 - (d) other side margin 20mm; and
 - (e) bottom margin 20mm.
- (7) All sheets shall be numbered at the top of the sheet in the middle in consecutive Arabic numerals.
- (8) In effecting the sequential numbering of the sheets, the elements of the application shall be placed in the following order.
 - (a) the request;
 - (b) the description;

- (c) the claims;
 - (d) the abstract; and
 - (e) the drawings.
- (9) The sequential numbering of the sheets shall be effected by using three separate series of numbering, the first series applying to the request only and commencing with the first sheet of the request, the second series commencing with the first sheet of the description and continuing through the claims until the last sheet of the abstract, and the third series being applicable to the sheets of the drawing only and commencing with the first sheet of the drawings.
- (10) Graphic symbols, chemical or mathematical formulae and certain characters, should be typed, but if not possible, may be hand-written or drawn.
- (11) Drawings shall be executed in durable black, sufficiently dense and dark, uniformly thick and well-defined lines and strokes without colourings.

16 Unity of Invention

- (1) Section 8(1) of the Act shall be construed as permitting, in particular, one of the following three possibilities.
- (a) In addition to an independent claim for a given product, the inclusion in the same application of an independent claim for process specially adapted for the manufacture of the said product and the inclusion in the same application of an independent claim for a use of the said product;
 - (b) In addition to an independent claim for a given process, the inclusion in the same application for an independent claim for an apparatus or means specifically designed for carrying out the said process; or
 - (c) In addition to an independent claim for a given product, the inclusion in the same application of an independent claim for a process specially adapted for the manufacture of the product, and the inclusion in the same application of an independent claim for an apparatus or means specifically designed for carrying out the process.
- (2) Subject to section 8(1) of the Act, it shall be permitted to include in the same application two or more independent claims of the same category which cannot readily be covered by a single generic claim.
- (3) Subject to section 8(1) of the Act, it shall be permitted to include in the same application a reasonable number of dependent claims, claiming specific forms of the invention claimed in each independent claim.

17 Divisional application

- (1) A divisional application shall contain a reference to the initial application.
- (2) If the applicant wishes a divisional application to benefit from any priority claimed for the initial application, the divisional application shall contain a request to the effect, in such a case, the declaration of priority and the documents furnished in accordance with, regulation 19 for the initial application shall be deemed to relate also the divisional application.
- (3) Where the priorities of two or more earlier applications were claimed for the initial application, a divisional application may benefit only from the priority or priorities that are applicable to it.

18 Disclosures to be disregarded for prior art purposes

- (1) An applicant who wishes a disclosure of the invention not to be taken into consideration in accordance with section 5(4) of the Act for prior art purposes, shall so indicate on the application and shall furnish in writing with the application or within one month of filing the application, full particulars of the disclosure.
- (2) Where the disclosure was made at an exhibition, the applicant shall file, within the same period, a duly authenticated certificate issued by the authority responsible for the exhibition containing particulars of exhibition and stating that the invention was in fact exhibited there.

19 Declaration of priority and translation of earlier application

- (1) The declaration referred to in section 9(1) of the Act shall indicate.
 - (a) The date of the earlier application;
 - (b) The number of the earlier application subject to sub-regulation (2);
 - (c) The symbol of the International Patent Classification which has been allocated to the earlier application, subject to sub-regulation (3); and
 - (d) The State in which the earlier application was filed or, where the earlier application is a regional or an international application, the State or States for which it was filed.
- (2) Where, at the time of filing the declaration referred to in sub-regulation (1), the number of the earlier application is not known, that number shall be furnished within three months from the date on which the application containing the declaration was filed.

- (3) Where, a symbol of the International Patent Classification has not been allocated to the earlier application, or had not been allocated at the time of filing the declaration referred to in sub-regulation (1), the applicant shall state this fact in said declaration and shall communicate such symbol as soon as it has been allocated.
- (4) The applicant may, at any time before the grant of the patent, amend the contents of the declaration referred to in sub-regulation (1).
- (5) The period for furnishing the certified copy of the earlier application, referred to in section 9(2) of the Act, shall be three months from the date of the request by the Registrar.
- (6) Where a copy has already been furnished for another application, the applicant may respond by making a reference to that other application.
- (7) Where the earlier application is in a language other than English, the applicant shall, within six months from the date of the request made under section 9(2) of the Act, furnish a certified English translation of the earlier application.
- (8) Unless the Registrar requests otherwise, the earlier application and any translation thereof shall be filed in one copy.

20 Time for furnishing information concerning corresponding foreign applications for patent and other titles of protection.

- (1) The Registrar shall specify the time limit for furnishing the information requested under section 10 of the Act, shall not be less than two or more than six months from the date such a request is made, but he may extend such time limit on request and on good cause shown by applicant.
- (2) If the applicant advises the Registrar that the documents request under section 10 of the Act, are not yet available, the Registrar may suspend the procedure for the examination of the application until such time as the documents are furnished.

21 Withdrawal of applications

- (1) Each application shall be withdrawn by written declaration submitted to the Registrar and signed by the applicant.
- (2) The application fee shall not be refunded if the application is withdrawn.

22 Marking application

- (1) Upon receipt, the Registrar shall mark, on each document making up the application, the actual date of receipt and the application number consisting of the letters TO, stroke, the letter P, stroke, the last two numbers of the year in which the initial papers were received, stroke, and a five-digit number allotted in the sequential order in which application are received
- (2) Where any corrections or other later filed documents are received on different dates, the Registrar shall also mark their actual date of receipt in the appropriate place of the request for the grant of the patent as set out in Form No. 1 of the Second Schedule.
- (3) The application number allotted under sub-regulation (1) shall be quoted in all subsequent communications concerning the application.

23 According and notifying filing date

- (1) The Registrar shall examine whether the application fulfills the requirements of section 11(1).
- (2) The invitation to file any correction under section 11(2) of the Act, shall be in writing, it shall specify the correction required and request that it be filed within two months from the date of the invitation, together with the payment of the prescribed fee.
- (3) Once the Registrar accords a filing date, he shall notify the applicant in writing, if the application is treated as if it had not been filed under section 11(2) of the Act the Registrar shall notify the applicant in writing, specifying the reasons.

24 Examination as to form

- (1) In addition to the requirements of section 7(1), (2) and (3) of the Act and the regulations pertaining thereto, the requirements relating to the definition of “agent” in section 2 of the Act and the requirement of regulation 4,5,6,7, 14 and 15 to the extent applicable, shall be considered formal requirements for the purposes of being in order.
- (2) Where the Registrar finds that the conditions referred to in section 11(5) of the Act are not fulfilled, he shall invite the applicant in writing to file the required correction within two months from the date of the invitation, together with the payment of the prescribed fee.
- (3) Where no abstract is provided, the Registrar shall invite the applicant to correct the deficiency either by providing an abstract or by paying the

prescribed fee for the preparation of the abstract by the Registrar himself, if the applicant does not comply with the invitation to correct a deficiency, or where, despite the correction submitted by the applicant, the Registrar is of the opinion that the conditions referred to in section 11(5) of the Act are not fulfilled, he shall reject the application and notify the applicant in writing, stating the reasons.

- (4) Rejection of the application shall not affect its filing date which shall remain valid.

25 Examination as to substance and decision to grant or refuse to grant patent

- (1) For the purposes of the examination, the Registrar may cause the application to be transmitted together with all relevant document to examining authority which has concluded an arrangement to this effect with the Registrar, requesting search and examination report.
- (2) Where, taking due account of the conclusions of the search and examination report the condition referred to in section 11(5) are not fulfilled, he shall notify the applicant in writing, inviting him, to submit his observations and, where applicable, to amend or divide his application, within a specified period, such specified period shall not be less than two or more than six months from the date of the invitation.
- (3) Where, taking due account of the conclusions of the search and examination report the condition referred to in section 11(5) are not fulfilled, he shall notify the applicant in writing, inviting him, to submit his observations and, where applicable, to amend or divide his application, within a specified period, such specified period shall not be less than two or more than six months from the date of the invitation.
- (4) Where two or more applications for the grant of a patent for the same filing date or, where applicable, the same priority date, are filed by the same applicant, the Registrar may, on that ground, refuse to grant a patent in pursuance of more than one of the applications.
- (5) Where the Registrar, taking due account of the conclusions of the search and examination report referred to in sub-regulation (1), is of the opinion, subject to regulation 24, that the conditions referred to in section 11(5) of the Act are fulfilled he shall grant the patent.
- (6) The Registrar shall notify the applicant, in writing, of his decision to grant or to refuse to grant a patent, attaching a copy of the search and examination report upon which the decision is based and, in the case of a refusal to grant a

patent, stating the reasons therefore, and in the case of a decision to grant a patent, requesting the applicant to pay the grant and publication fee with three months from the date of the notification.

26 Examination as to novelty and inventive step

In accordance with section 11(5) of the Act, the examination shall cover the requirements of novelty and inventive step under section 5(2), (3), (4) in respect of all categories of inventions.

27 Grant of patent, publication thereof, issuance of certificate

- (1) Subject to the payment of the grant and publication fee within three months from the date of the notification of the decision to grant the patent, the Registrar shall grant the patent in accordance with section 12(2) of the Act and this regulation.
- (2) The Registrar shall allot to each patent a publication number of the patent, in the sequential order of grant.
- (3) The patent shall be granted on Form No. 2 of the Second Schedule and shall contain in addition to the information indicated in sub-regulation (5), the date of publication of the patent, the documents or references cited of the prior art, the description, the claims and the drawings, if any.
- (4) The patent shall be deemed to be granted on the date the Registrar publishes the fact that he has granted the patent in accordance with section 12(2)(a) of the Act.
- (5) The publication of the grant of the patent shall include:
 - (a) The number of the patent;
 - (b) The name and address of the owner of the patent;
 - (c) The name and address of the inventor, except where he has asked not to be named in the patent;
 - (d) The name and address of the agent, if any;
 - (e) The number of the application and the filing date;
 - (f) If priority has been claimed and the claim has been accepted, a statement of the priority, the priority date and the name of the country or countries in which or for which the earlier application was filed;
 - (g) The effective date of grant of the patent;
 - (h) The title of the invention;
 - (i) The abstract;

- (j) The most illustrative of the drawings, if any; and
 - (k) The symbol of the International Patent Classification.
- (6) The certificate of grant shall be issued on Form No. 3 in the Second Schedule and shall be signed by the Registrar and shall contain:
- (a) The name of the patent;
 - (b) The name and address of the owner of the patent;
 - (c) The filing date and where applicable, priority date of the application;
 - (d) The effective date of grant of the patent; and
 - (e) The title of the invention.

28 Exploitation of patented invention by Government or by third persons authorized by Government

- (1) The Minister shall, before making a decision under section 13(5) of the Act, consult the Registrar and give the owner of the patent, beneficiaries of non-voluntary licenses, and any other persons whose participation he considers useful, at least 21 days written notice of the date of which they may be heard. The owner of the patent shall give all licenses at least 14 days written notice of the hearing and they shall have the right to participate therein.
- (2) The Minister shall make his decision after the hearing, in writing, stating the grounds upon which is based, and, if he has decided that the invention shall be exploited under section 13(5), he shall state the terms of exploitation, and transmit the decision to the Registrar.
- (3) The Registrar shall record, and publish the decision of the Minister and notify in writing the owner of the patent in the Gazette and the other participants in the hearing.
- (4) If the decision of the Minister with regard to remuneration is the subject of an appeal, the Registrar of the supreme Court shall notify the Registrar of the court's decision once it becomes final, and the Registrar shall record the decision and publish it in the Gazette.

29 Annual fees

- (1) Upon payment of an annual fee in accordance with section 14(2), the Registrar shall, within two weeks from the date the payment is received, furnish or send to the applicant or to the owner of the patent a receipt of payment.

- (2) The Registrar shall record and publish a notification of the lapse of a patent.
- (3) Annual fees shall not be refundable.

30 Non-Voluntary Licences

- (1) The request for grant of a non-voluntary licence under section 15 shall be made to the Registrar on Form No. 4 in the Second Schedule, together with the payment of the prescribed fee, it shall be accompanied by;
 - (a) A request from the person requesting the non-voluntary licence, for evidence that the owner of the patent has licence contract but that the latter has been unable to obtain such a licence on reasonable terms and within a reasonable time; and
 - (b) An indicating of the plan according to which the person requesting the non-voluntary licence intends to work the patented invention, including evidence that he has ability to do so in Tonga.
- (2) The Registrar shall, within three months the date of the request for the grant of a non-voluntary licence, examine whether the requirements of section 15(1) and (2) of the Act and sub-regulation (1) are satisfied, if he finds that the requirements are not satisfied, the Registrar shall reject the request and notify, in writing, the person request stating the grounds for the rejection. If he finds that the requirements are satisfied, the Registrar shall forthwith send a copy of the request to the owner of the patent and beneficiaries of non-voluntary licences and to persons exploiting the patented invention under section 13(5), and invite them in writing to submit observations thereon to the Registrar, within three months of the date of the invitation.
- (3) The patent owner shall forthwith notify, in writing, all licenceses of the request, and the licenses shall have the right to submit, in writing, observation thereon to the Registrar within three months of the date of the invitation issued under sub-regulation (2).
- (4) The Registrar shall forthwith notify the person requesting the non-voluntary licence of any observations submitted under sub-regulations (2) and (3).
- (5) The Registrar shall then convene a hearing to which he shall invite the person requesting the non-voluntary licence, the owner of the patent and the persons who submitted observations under sub-regulations (2) and (3) giving them at least one month's written notice of the date of the hearing.
- (6) After the hearing, if the Registrar finds that the conditions for the grant of a non-voluntary licence are fulfilled, he shall grant the licence, otherwise, he shall refuse to grant it.

- (7) The decision to grant or to refuse to grant a non-voluntary licence shall be in writing, shall state the grounds upon which it is based and, in the case of decision to grant the non-voluntary licence shall include:
- (a) the period for which the licence is granted;
 - (b) of the acts referred to in the definition of “exploitation”, in section 13(1) of the Act to which the licence extends (other than importation);
 - (c) the time limit within which the beneficiary of the non-voluntary licence must commence working the patented invention; and
 - (d) the terms regarding payment of remuneration.
- (8) The Registrar shall record and publish the decision to grant or to refuse to grant the non-voluntary licence and transmit a copy thereof to the person requesting the non-voluntary licence, the owner of the patent and the persons who submitted observations under sub-regulations (2) and (3).

31 Invalidation

- (1) Where the provisions of section 16(2) apply only to some of the claims or some parts of a claim, such claims or parts of a claim shall be invalidated.
- (2) The patents shall notify and licenses in writing of any court proceedings instituted for the invalidation of the patent. The person requesting invalidation shall so notify any beneficiaries of non-voluntary licences granted under section 15 and where the ground of invalidity invoked is that the patentee is not the inventor or his successor in title, he shall also notify the person alleged to have the right to the patent.

PART III – UTILITY MODEL CERTIFICATE

32 Provisions relating to patents to apply to utility model certificates

- (1) The provisions of Part II of these regulations shall apply, mutatis mutandis, to utility model certificates, subject to the following exceptions.
 - (a) The letter “P” in regulation 22(1) shall be read as the letters “UM”;
 - (b) For the purposes of regulation 25 the examination shall be limited to the requirement of novelty and industrial applicability and public order and morality; and
 - (c) Regulations 26 and 31 shall not apply.

- (2) A request, under section 19, for the conversion of an application for a patent into an application for a utility model certificate, or vice versa. Shall be signed by the applicant and shall be accompanied by the prescribed fee. The Registrar shall, within two months of the receipt of the request, notify the applicant in writing of his decision thereon, and if the Registrar refuses the request he shall state the reasons.

PART IV – INDUSTRIAL DESIGNS

33 Provisions relating to patents to apply to industrial design.

Regulation 22 shall apply *mutatis mutandis*, to industrial designs and, for this purpose, the letter “P” in regulation 22(1) shall be read as the letter “D”.

34 Application for registration of an industrial design.

PART V – MARKS

39 Classification of Marks, Third Schedule

The Registrar shall apply the International Classification, as last revised, set out in the Third Schedule.

40 Application for registration of a mark

The application for the registration of a mark shall be made on Form No. 7 in the Second Schedule and shall be signed by the applicant or his agent. An application may be made for the registration of a mark in respect of goods or services in one or more classes of the International Classification.

41 Reproduction of the mark

- 1) The application shall contain a durable graphic reproduction of the mark in the space provided therefore on Form No. 7. Where the reproduction exceeds the space in size, it shall be mounted upon hard and durable paper. Part of the mounting shall be affixed in the space aforesaid and the rest may be folded.
- (2) An application for the registration of a mark, shall accompanied by here additional reproductions of the mark. The reproduction of the mark on the application and the additional reproduction shall be identical. The additional reproductions shall in all cases be noted with all such particulars as may, from time to time, be required by the Registrar. Such particulars shall, if required, be signed by the applicant or his agent.
- (3) If the Registrar considers any reproduction of a mark unsuitable, he may, at any time before registration, require a suitable reproduction to be submitted.
- (4) Where a drawing or other reproduction cannot be given in the aforesaid manner, a specimen or copy of the mark may be submitted in such a form as the Registrar may direct.

42 Transliteration and translation of the mark

Where a mark consists of or contains a word or words in characters other than Roman alphabet, the application on Form No. 7 and the additional reproductions of the mark shall be accompanied, unless the Registrar otherwise directs, by a sufficient transliteration and translation to the satisfaction of the Registrar of each of such works, stating the language to which each work belongs.

43 Declaration of priority and translation of earlier application

- (1) The declaration referred to in section 27(2) shall indicate:
 - (a) The date of the earlier application;
 - (b) The number of the earlier application, subject to sub-regulation (2); and
 - (c) The State in which the earlier application was filed or, where the earlier application is a regional or an international application, the office with which it was filed and the country or countries for which it was filed.
- (2) Where at the time of filing the declaration referred to in sub-regulation (1), the number of any earlier application is not known, that number shall be furnished within three months from the date on which the application containing the declaration was filed. The Registrar may extend the time limit referred to in this sub-regulation for an additional period of three months, if the applicant supplies evidence that, due to circumstances beyond his control, he was not able to comply with the prescribed time limit.
- (3) Where the priorities of two or more earlier applications are claimed, in accordance with section 27(2) of the Act and indication relating to those earlier applications may be included in a single declaration.
- (4) The applicant may, at any time before the registration of the mark, amend the contents of the declaration referred to in the preceding sub-regulations.

44 Copy of earlier application

The period for furnishing the certified copy of the earlier application shall be three months from the date of the request by the Registrar.

45 Withdrawal of application

- (1) The withdrawal of the application shall be made by a written declaration signed by the applicant and submitted to the Registrar.

- (2) The application fee shall not be refunded if the application is withdrawn.

46 Marking of application and filing date

- (1) Regulation 22 shall apply, *mutatis mutandis*, to marks and the letter “P” in regulation 22(2) shall be read as the letter “M”.
- (2) The Registrar shall accord as the filing date of the application the date on which the following matters are received:
 - (a) The name of the applicant;
 - (b) An address to which communications can be directed;
 - (c) A reproduction of the mark;
 - (d) The class in the International Classification of goods or services and
 - (e) The required filing fee for at least one class of goods or services.
- (3) The Registrar shall notify the applicant in writing of the application number and the filing date.

47 Objection to or conditional acceptance of application, hearing

- (1) If, upon examination in accordance with section 28, the Registrar objects to the application for registration of a mark, he shall notify the applicant in writing of his objection with all the relevant details and invite the applicant to amend the application, submit his observations in writing or apply for a hearing within two months from the date of the notification. If the applicant does not comply with the invitation within the said period, he shall be deemed to have withdrawn his application.
- (2) If, upon examination in accordance with section 28, the Registrar decides to accept the application subject to amendments, notifications, conditions disclaimers or limitations, he shall communicate the decision to the applicant in writing.
- (3) If the applicant objects to the amendments, modifications, conditions, disclaimers or limitations, he shall, within two months from the date of the communication, apply for a hearing or submit his observations in writing. If the applicant does not object to such amendments, modifications, conditions, disclaimers or limitations, he shall notify the Registrar in writing and amend his application accordingly. If the applicant does not respond in one way or the other within the said period, he shall be deemed to have withdrawn his application.

- (4) The application for a hearing, which shall be accompanied by the prescribed fee, shall be made in writing to the Registrar who, upon receiving it, shall give the applicant at least one month's notice in writing of the date and time when he may be heard.

48 Rejection of application or conditional acceptance to which applicant objects.

- (1) If, after a hearing or after consideration of the applicant's amendments or observations in writing, the Registrar rejects the application or accepts it subject to any amendments, modifications, conditions, disclaimers or limitations to which the applicant objects, he shall communicate his decision to the applicant in writing.
- (2) The applicant may, within one month from the date of such communication, upon payment of the prescribed fee, request the Registrar to state in writing the grounds of his decision and the materials used by him in arriving thereat.

49 Acceptance of application, publication, supply of printing block

- (1) If the Registrar accepts the application unconditionally or accepts it subject to any conditions or limitations to which the applicant does not object, he shall proceed to publish the application setting out:
 - (a) The filing date;
 - (b) the representation of the mark;
 - (c) The goods or services in respect of which the registration of the mark is requested with an indication of the corresponding class or classes of the international classification;
 - (d) The name and address of the applicant; and
 - (e) The name and address of the agent, if any.
- (2) For the purposes of the publication required under section 28 of the Act and this regulation, the Registrar may, in writing, request the applicant to supply a printing block of such dimensions as he may consider appropriate, the dimensions of which shall not exceed 30 x 21 centimeters.
