#### PROCESSED AGRICULTURAL PRODUCTS

##### Article 1

###### *Price Compensation Measures*

1. In order to take account of differences in the cost of the agricultural raw materials incorporated into the products referred to in Article 2, the Agreement does not preclude:

- (a) the levying, upon import, of a duty; and
- (b) the application of measures adopted upon export.

2. The duty levied upon import shall be based on, but not exceed, the difference between the domestic price and the world market price of the agricultural raw materials incorporated into the products concerned.

##### Article 2

###### *Tariff Concessions by EFTA*

Taking into account the provisions laid down in Article 1, the EFTA States shall accord treatment no less favourable than that accorded to the European Union for products originating in Montenegro and listed in Table 1.

##### Article 3

###### *Tariff Concessions by Montenegro*

1. Montenegro shall apply reduced customs duties on imports of certain agricultural products originating in the EFTA States, in accordance with Table 2.

2. By 1 January 2015, the EFTA States shall be accorded the same treatment as the treatment Montenegro grants to the European Union as of 2012. The tariff reductions shall take place in four equal steps, starting from the date of entry into force of the Agreement. The next instalments shall be implemented on 1 January 2013 and on 1 January 2014.

## **SECTION II**

### **STANDARDS CONCERNING THE AVAILABILITY, SCOPE AND USE OF INTELLECTUAL PROPERTY RIGHTS**

#### Article 3

#### *Copyright and Related Rights*

1. Without prejudice to the obligations set out in the international agreements to which the Parties are parties, each Party shall, in accordance with its laws and regulations, grant and ensure adequate and effective protection to the authors of works and to performers, producers of phonograms and videograms and broadcasting organisations for their works, performances, phonograms, videograms and broadcasts, respectively.

2. In addition to the protection provided for in paragraph 1, each Party shall grant and ensure protection as provided for in Articles 5, 6, 7, 8 and 10 of the WPPT, *mutatis mutandis*, to performers for their audiovisual and visual performances.

3. Each Party shall ensure that a broadcasting organisation in its territory has at least the exclusive right of authorising the following acts: the fixation, the reproduction and the distribution of fixations, the rebroadcasting by wireless means of broadcasts, and the making available to the public of its broadcasts by wire or wireless means in such a way that members of the public may access them from a place and at a time individually chosen by them.

4. Each Party may, in its national law, provide for the same kinds of limitations or exceptions as in Article 16 of the WPPT with regard to the protection of performers for their aural, visual and audiovisual performances and to the protection of broadcasting organisations, to the extent that such limitations and exceptions are compatible with the Rome Convention.

5. Each Party shall ensure that the author has the right, independently of the author's economic rights, and even after the transfer of these rights, to claim authorship of the work and to object to any modification, distortion, mutilation or other derogatory action in relation to the said work, which would be prejudicial to his or her honour or reputation.

6. The rights granted to the author in accordance with paragraph 5 shall, after his or her death, be maintained at least until the expiry of the economic rights, and shall be exercisable by the persons or institutions authorised by the law of the Party in which protection is claimed.

7. The rights granted under paragraphs 5 and 6 shall be granted, *mutatis mutandis*, to performers as regards their live aural, visual or audiovisual performances, or performances fixed in phonograms or audiovisual fixations.

8. The general term of protection granted for works shall be the life of the author and 70 years after his or her death. For computer programmes, the term of protection shall be at least the life of the author and 50 years after his or her death.

9. The term of protection for related rights covered by the Agreement, as well as for other works for which the term of protection of a work is calculated on a basis other than the life of a natural person, shall be no less than 50 years after the authorised publication, or, failing such authorised publication within 50 years from the making of the work, 50 years from the making.

10. A Party may be exempted from its obligations under paragraphs 8 and 9 where the exemptions provided for in Articles 7 and 7*bis* of the Berne Convention apply.

Any sign, or any combination of signs, capable of distinguishing the goods or services of one undertaking from those of other undertakings, shall be capable of constituting a trademark. Such signs, in particular words, including combinations of words, personal names, letters, numerals, figurative elements, shapes of goods, sounds and combinations of colours as well as any combination of such signs, shall be eligible for registration as trademarks. Where signs are not inherently capable of distinguishing the relevant goods or services, the Parties may make registrability depend on distinctiveness acquired through use. The Parties may require, as a condition of registration, that signs be visually perceptible.

2. The Parties reaffirm the importance of, and shall be guided by the principles contained in, the WIPO Joint Recommendation Concerning Provisions on the Protection of Well-Known Marks, adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of the WIPO in 1999, and the WIPO Joint Recommendation Concerning Provisions on the Protection of Marks and other Industrial Property Rights in Signs, on the Internet, adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of the WIPO in 2001.

- (a) adequate and effective patent protection for inventions in all fields of technology, in accordance with the level of protection provided in the Convention on the Grant of European Patents; and
- (b) a compensatory term of protection for pharmaceuticals and plant protection products, which shall be calculated from the expiry of the maximum term of patent of 20 years for a period equal to the period which elapsed between the filing date of the patent application and the date of the market authorisation of the product, reduced by a period of five years. Such compensatory protection shall cover a period of five years at the most<sup>10</sup> and shall be granted under the following conditions:
  - (i) the product is protected by a patent in force;
  - (ii) there has been an official marketing authorisation for the medicinal or plant protection product;
  - (iii) the right conferred by the patent has been postponed by administrative procedures regarding authorisation of market access, so that the effective use of the patent amounts to less than 15 years; and

---

<sup>10</sup> For pharmaceuticals that have been tested for paediatric use, a six-month extension of the compensatory term of protection may be granted according to the national law of a Party.

- (iv) the effective protection conferred by the patent and the compensatory protection shall together not exceed 15 years<sup>11</sup>.

## Article 6

### *Undisclosed Information*

1. The Parties, when requiring, as a condition of approving the marketing of pharmaceutical or of agricultural chemical products which utilise chemical or biological entities, the submission of undisclosed test or other data, the origination of which involves a considerable effort, shall protect such data against unfair commercial use. In addition, the Parties shall protect such data against disclosure, except where necessary to protect the public, or unless steps are taken to ensure that the data are protected from unfair commercial use.

2. The Parties shall prevent applicants for marketing approval from relying on, or referring to, undisclosed test data or other data submitted to the competent authority by the first applicant for a period, counted from the date of marketing approval, of at least eight years for pharmaceutical products and at least ten years for agrochemical products. In addition, for pharmaceutical products, the Parties shall ensure that no pharmaceutical product relying on, or referring to, undisclosed test data or other data submitted to the competent authority by the first applicant is placed on the market until ten years have elapsed from the date of marketing approval for the first applicant.

3. The ten year period referred to in paragraph 2 shall be extended to a minimum of eleven years if, at least during the first eight years of those ten years, the marketing authorisation holder obtains an authorisation for one or more new therapeutic indications which, during the scientific evaluation prior to their authorisation, are held to bring a significant clinical benefit in comparison with existing therapies.

4. Reliance on or reference to such data may be permitted in order to avoid unnecessary duplication of tests of agrochemical products involving vertebrate animals, provided that the first applicant is adequately compensated.

## Article 7

### *Industrial Designs*

The Parties shall ensure in their national laws adequate and effective protection of industrial designs by providing in particular a period of protection of at least 25 years in total. The Parties may provide for a shorter period of protection for designs of component parts used for the purpose of the repair of a product.

---

<sup>11</sup> For pharmaceuticals that have been tested for paediatric use, a six-month extension of the compensatory term of protection may be granted according to the national law of a Party.

## Article 8

### *Geographical Indications and Indications of Source*

1. The Parties shall ensure in their national laws adequate and effective means to protect geographical indications with regard to all products, and indications of source and names and flags of countries with regard to all products and services.
2. For the purposes of the Agreement, “geographical indications” means indications, which identify goods as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation or other characteristic of those goods is essentially attributable to their geographical origin.
3. Indications of source are direct or indirect references to the geographical origin of goods or services. Nothing in the Agreement shall require a Party to amend its law if, at the date of entry into force of the Agreement, in its national law, it limits the protection of indications of source to cases where a given quality, reputation or other characteristic of goods or services is essentially attributable to their geographical origin.
4. Without prejudice to Article 23 of the TRIPS Agreement, the Parties shall provide the legal means for interested parties to prevent the use of a geographical indication or of an indication of source for goods not originating in the place indicated by the designation in question in a manner which misleads the public as to the geographical origin of those goods or which constitutes an act of unfair competition within the meaning of Article 10*bis* of the Paris Convention.
5. The Parties shall provide the legal means for interested parties to prevent the use of a geographical indication for agricultural products and foodstuffs for identical or comparable products not originating in the place indicated by the designation in question.
6. The Parties shall provide the legal means for interested parties to prevent the use of an indication of source for services, in a manner which misleads the public as to the true place of origin or constitutes an act of unfair competition.
7. The Parties shall prevent any incorrect or misleading use or registration of country names of a Party as trademarks, designs or as any other protected title, such as company names or names of associations.
8. The Parties shall prevent that armorial bearings, flags and other State or regional emblems of a Party are used or registered as trademarks, designs or as any other protected titles, such as company names or names of associations, in non-compliance with the conditions laid down in the laws and regulations of that Party. This protection shall also apply to signs that may be confused with armorial bearings, flags and other State or regional emblems of the Parties.

## **SECTION III**

### **ACQUISITION AND MAINTENANCE OF INTELLECTUAL PROPERTY RIGHTS**

#### Article 9

##### *Acquisition and Maintenance*

Where the acquisition of an intellectual property right is subject to the right being granted or registered, the Parties shall ensure that the procedures for granting or registration are at least of the same level as that provided in the TRIPS Agreement, in particular in Article 62.

## **SECTION IV**

### **ENFORCEMENT OF INTELLECTUAL PROPERTY RIGHTS**

#### Article 10

##### *General*

The Parties shall provide in their respective national laws for enforcement provisions for rights covered by Article 1 that shall at least be of the same level as that provided in the TRIPS Agreement, in particular in Articles 41 to 61.

#### Article 11

##### *Suspension of Release*

1. The Parties shall adopt procedures to enable a right holder, who has valid grounds for suspecting that importation or exportation of goods infringing intellectual property rights may take place, to lodge an application in writing with the competent authorities, administrative or judicial, for the suspension by the customs authorities of the release into free circulation of such goods.
2. The Parties shall enable their competent authorities to act upon their own initiative and suspend the release of goods when they have valid grounds for suspecting that importation or exportation of those goods would infringe intellectual property rights.
3. The Parties authorise their customs authorities to inform the right holder for the right holder to be able to lodge an application referred to in paragraph 1.
4. It is understood that there shall be no obligation to apply procedures set forth in paragraphs 1 or 2 to the suspension of the release into free circulation of goods put on the market in another country by or with the consent of the right holder.
5. In case of suspension pursuant to paragraphs 1 or 2 with respect to importation into or exportation from the customs territory of a Party, the competent authorities of

the Party suspending the release of the products shall notify the right holder of the suspension including necessary information to enforce his or her rights, such as the name and addresses of the consignor or consignee, and the importer or exporter, as applicable, and the quantity of the products in question.

6. Each Party shall ensure that the competent authorities, administrative or judicial, on request from the right holder, have the authority to decide that the products, the release of which has been suspended pursuant to paragraphs 1 or 2, shall be held seized until a final decision is reached in the infringement dispute. The Parties shall ensure that the competent judicial authorities in an infringement dispute may order, at the request of the right holder, that appropriate measures be taken with regard to goods that they have found to be infringing an intellectual property right and, in appropriate cases, with regard to materials and implements predominantly used in the creation or manufacture of those goods. Such measures shall include definitive removal from the channels of commerce or destruction. In considering a request for corrective measures, the need for proportionality between the seriousness of the infringement and the remedies ordered as well as the interests of third parties shall be taken into account.

7. Each Party shall provide that if the competent authorities have made a determination that the suspected goods infringe an intellectual property right, procedures are made available to enable the right holder to seek recovery of, and indemnify against, costs and expenses that the right holder may have incurred in connection with the exercise of rights and remedies provided in this Article.

## Article 12

### *Injunctions*

1. Each Party shall ensure that, where a judicial decision is taken finding either an infringement or an imminent threat of an infringement of an intellectual property right, the judicial authority may issue against the infringer an injunction aimed at prohibiting the continuation of the infringement.

2. Non-compliance with an injunction shall, where appropriate, be subject to civil or criminal sanctions, with a view to ensuring compliance.

## Article 13

### *Right of Inspection*

1. The competent authorities shall give the applicant for the suspension of goods and other persons involved in the suspension the opportunity to inspect goods whose release has been suspended or which have been detained.

2. When examining goods, the competent authorities may take samples and, according to the rules in force in the Party concerned, hand them over or send them to the right holder, at his or her express request, strictly for the purposes of analysis and of facilitating the subsequent procedure. Where circumstances allow, samples must be returned on completion of the technical analysis and, where applicable, before goods are

released or their detention is lifted. Any analysis of these samples shall be carried out under the sole responsibility of the right holder.

3. The declarant, holder or owner of the goods may request to be present at the inspection with a view to protecting their trade secret.

#### Article 14

##### ***Civil Remedies***

Each Party shall provide that:

- (a) in civil judicial proceedings, its judicial authorities shall have the authority to order the infringer, who knowingly or with reasonable grounds to know engaged in infringing activity of intellectual property rights, to pay the right holder damages adequate to compensate for the actual injury the right holder has suffered as a result of the infringement;
- (b) in determining the amount of damages for intellectual property rights infringement, its judicial authorities shall consider, *inter alia*, the actual damage, or establishing a fair licence fee.

#### Article 15

##### ***Criminal Remedies***

Each Party shall provide for criminal procedures and penalties to be applied at least in cases of wilful trademark counterfeiting or copyright or related rights piracy on a commercial scale.

#### Article 16

##### ***Liability Declaration, Security or Equivalent Assurance***

The competent authorities shall have the authority to require an applicant to declare to accept liability towards the persons involved and, in justified cases, to provide a security or equivalent assurance, sufficient to protect the defendant and the competent authorities and to prevent abuse. Such security or equivalent assurance shall not unreasonably deter recourse to these procedures.

#### Article 17

##### ***Cooperation in the Field of Intellectual Property***

The Parties, recognising the growing importance of intellectual property rights as a factor of social, economic and cultural development, agree to enhance their cooperation in the field of intellectual property rights.

## ANNEX VII

#### TRANSITIONAL ARRANGEMENT

Considering that Article 6 of this Agreement refers to WTO Agreement on Agriculture without incorporating it, the Parties agree that until Montenegro becomes a full Member of the WTO, the WTO Agreement on Agriculture shall be considered to be part of this Agreement and apply, *mutatis mutandis*, between the Parties.

## **Agreement on Agriculture**

### **Between Montenegro and the Swiss Confederation**

#### ARTICLE 1

##### *Scope and Coverage*

1. This Agreement concerning trade in agricultural products between Montenegro and the Swiss Confederation (hereinafter referred to as "Switzerland") is concluded further to the Free Trade Agreement between the EFTA States and Montenegro (hereinafter referred to as "the Free Trade Agreement"), which was signed on 14 November 2011, and in particular pursuant to paragraph 2 of Article 7 of the Free Trade Agreement.

2. This Agreement applies to trade between the Parties relating to agricultural products:

- (a) classified in Chapters 1 to 24 of the Harmonized Commodity Description and Coding System (hereinafter referred to as the “HS”) and not included in Annex II or Annex III to the Free Trade Agreement; and
- (b) covered by Annex I to the Free Trade Agreement.

3. This Agreement shall likewise apply to the Principality of Liechtenstein as long as the Customs Treaty of 29 March 1923 between Switzerland and the Principality of Liechtenstein remains in force.

## ARTICLE 2

### ***Tariff Concessions***

Switzerland shall grant tariff concessions to agricultural products originating in Montenegro as specified in Annex I. Montenegro shall grant tariff concessions to agricultural products originating in Switzerland as specified in Annex II.

## ARTICLE 3

### ***Rules of Origin and Administrative Cooperation***

1. Article 8 of the Free Trade Agreement shall apply to this Agreement, *mutatis mutandis*, except as provided for in paragraph 2.

2. For the purposes of this Agreement, Article 3 of Appendix I to the Regional Convention on Pan-Euro-Mediterranean Preferential Rules of Origin shall apply *mutatis mutandis*, allowing only for bilateral cumulation between the Parties.

## ARTICLE 4

### ***Dialogue***

The Parties shall examine any difficulties that might arise in their trade in agricultural products and shall endeavour to seek appropriate solutions.

## ARTICLE 5

### ***Further Liberalisation***

The Parties undertake to continue their efforts with a view to achieving further liberalisation of their trade in agricultural products, taking account of the pattern of such trade between them, the particular sensitivities of such products, and the development of agricultural policies on either side. At the request of either Party, the Parties shall consult to achieve this objective, including through improvements in market access by reduction or elimination of customs duties on agricultural products and through extension of the scope of agricultural products covered by this Agreement.

ARTICLE 6

***WTO Agreement on Agriculture***

The Parties confirm their rights and obligations under the WTO Agreement on Agriculture.

ARTICLE 7

***Provisions of the Free Trade Agreement***

The provisions on Territorial Application (Article 4), Central, Regional and Local Government (Article 5), Sanitary and Phytosanitary Measures (Article 12), Technical Regulations (Article 13), Anti-dumping (Article 19) and Bilateral Safeguard Measures (Article 21) as well as Chapter 8 on Dispute Settlement of the Free Trade Agreement shall apply to this Agreement, *mutatis mutandis*.

ARTICLE 8

***Entry into Force and Termination***

1. This Agreement shall enter into force on, or be applied provisionally from, the same date as the Free Trade Agreement enters into force or is applied provisionally between Montenegro and Switzerland. It shall remain in force as long as the Free Trade Agreement remains in force between them.

2. This Agreement shall be terminated if a Party withdraws from the Free Trade Agreement, in which case this Agreement shall be considered terminated on the same date the withdrawal from the Free Trade Agreement takes effect.
